

# 250 DEAD ON CARPATHIA

## DARDANELLES FORTS REPULSE ITALIAN WARSHIPS

### ENEMY'S FLEET OPENS FIRE ON TURKISH GUNS

One Warship Is Said to Have  
Been Sunk; 24 Vessels Engaged  
in Bombardment

WASHINGTON, April 18.—An official dispatch to the Turkish embassy here today says four large Italian warships and several torpedo boat destroyers attacked the Turkish forts at the entrance to the Dardanelles. The forts returned the fire and one of the large battleships received severe injuries, causing her to leave the fighting line. After three and a half hours' fighting the Italian vessels were repulsed. Another fleet of Italian vessels bombarded the barracks and ammunition depots on Samos Island.

#### LONDON HEARS OF BOMBARDMENT.

LONDON, April 18.—The bombardment of the Dardanelles began today, according to a special dispatch received here from Constantinople. One of the Italian warships was damaged by a shot from the land batteries.

#### ITALIAN WARSHIP SUNK.

CONSTANTINOPLE, April 18.—The Italian fleet is reported to have appeared at the entrance to the Dardanelles. One Italian warship is said to have been sunk.

It has been rumored for weeks that Italy contemplated a renewal of naval action in Turkish waters. In consequence the Turkish authorities reinforced the garrisons near the Dardanelles and notified foreign powers that the Dardanelles had been mined. It became necessary for vessels passing through to employ local pilots.

#### ITALIAN FLEET OPENS FIRE.

LONDON, April 18.—Cannon firing was heard at the entrance to the Dardanelles at noon today, according to a dispatch received here from Lloyds' signal station in the Dardanelles. The Italian fleet has begun an attack on the forts of the straits but no details have come to hand.

#### 24 WARSHIPS ON WAY TO TURKEY.

ATHENS, Greece, April 18.—Two divisions of Italian war vessels, each comprising a dozen ships, passed Skyre Island in the Aegean sea yesterday, sailing to the north.

### Alleged Slayer of Woman Hanged by Montana Mob

FORSYTH, Mont., April 18.—Harry Heffner, alleged slayer of Mrs. William Merrill of Yonpa, near the town of Rosebud, Mont., twelve miles east of here, was taken from the county jail this morning by a crowd of sixty or seventy-five masked and heavily armed men, and despite the efforts of Sheriff Neil G. McMullen and Deputy Sheriff Jay Fleming, was hanged to a tree on a vacant lot adjoining the Masonic Temple.

### Widow Writes Message to Others Who Are in Sorrow

LONDON, April 18.—The widow of Captain Smith, the commander of the Titanic, has written a pathetic message which was posted today outside the White Star offices. It reads as follows: "To my poor fellow-sufferers: My heart overflows with grief for you all and is laden with sorrow that you are weighted down with this terrible burden that has been thrust upon us. May God be with us and comfort us all. Yours in deep sympathy, ELEANOR SMITH."

### Railroad Managers Decline To Accede to Demands

NEW YORK, April 18.—The committee of general managers of Eastern railroads, after a further consideration today of the renewed demands by the engineers of the fifty railroads in the Eastern territory for increased wages, sent a communication to Grand Chief Stone of the Brotherhood of Locomotive Engineers that it was "not possible to accede to your wage request and those certain to follow."

### 107 Miners Killed in Fight With Soldiers of Russia

IRKUTSK, Siberia, April 18.—One hundred and seven gold miners were killed and eighty more wounded in a fight with Russian soldiers at the Lena Gold Mining Company's work-

### "WOMEN AND CHILDREN FIRST"

### Thinks Missing Boy Is on Fishing Boat

Oakland Woman Reaches Vessel  
Too Late to Intercept  
Youth.

SAN FRANCISCO, April 18.—Mrs. P. Travarez, of 1521 Fifth street, Oakland, hurried into the harbor station last night and complained that her son, Joseph, aged 15, had disappeared from home and she believed he was on the schooner Olympic. Patrolman Webb accompanied Mrs. Travarez in the police patrol boat, but it was found that the Olympic had already put to sea en route to the Alaskan fisheries. Mrs. Travarez was heartbroken, but left a description of the lad in case he had not sailed on the vessel. He is of average height, has black hair and brown eyes, and when he left home wore overalls.

### Trainmen Announce Reason for Walk-Out

Mexican Central Men Say They  
Wished to Avoid Being  
Forced Out.

LAREDO, Texas, April 18.—A statement addressed to the American people, giving the grievances of American conductors and engineers who struck yesterday on the Mexican railroad lines, declares the Americans preferred to walk out rather than to be forced out by a policy of "Mexican for Mexicans."

The Association of American Advertisers has examined and certified to the circulation of this publication. The figures of circulation contained in the Association's report only are guaranteed.

### FEARS FELT FOR SAFETY OF THOMAS C. WARREN

Prominent Oakland Clubman Goes for  
Sail and Fails to Return

Thomas C. Warren, attorney, yachtsman and prominent member of the Nite Club, is missing and the circumstances surrounding his disappearance are such as to cause the gravest anxiety to his family and friends. Warren left his home near the Claremont Country Club yesterday morning for a day's outing at Gray Goose, near Drawbridge, where he has a "shack" and a sailboat. At midnight he had not returned and his wife, sensing a mishap, telephoned her fears to her brother, C. L. Huggins of Berkeley. He in turn communicated at once with the hotel at Drawbridge and learned that Warren's shack had not been occupied during the night. The attorney's clothes, money and personal belongings were as he had left them when, at 2 o'clock yesterday afternoon, he donned an old suit and set sail for a cruise down the river.

ACCIDENT FEARED.  
There is just the chance, of course, that the attorney met with some accident which disabled the boat and that he experienced nothing worse than an all-night vigil on a mud-bank. This theory, however, is discredited by Huggins, who points out that it was high tide yesterday afternoon and that Warren is too expert a boatman to suffer the misfortunes of the amateur. He fears the worst and this morning boarded a train for the scene, accompanied by City Attorney Ben Woolner and George Leckie, wiring ahead for a launch and help with which to prosecute a search for the missing man and the little yacht.

MEMBER OF LAW FIRM.  
The missing man is a member of the law firm of Gibson & Woolner. He is in the prime of life and has one child. The Warrens are members of the social set of the Claremont district.

All day telephone lines to Drawbridge were kept busy with anxious inquiries from scores of friends.

### Trunks Containing \$25,000 In Jewelry Are Stolen

ATLANTA, Ga., April 18.—Two trunks, said to have contained jewelry valued at \$25,000, and the property of S. I. H. Gilsey of Cincinnati, were stolen from a dray standing in front of an office building here early today. When the driver of the dray was in a nearby building the thieves, believed to be negroes, mounted his seat and drove away. Later the police discovered the dray and five trunks several blocks distant, but Gilsey's trunks were missing.

### COFFINS ORDERED TO BE SENT TO STEAMER'S DOCK

White Star Line Official, Who Is  
'Stunned Beyond Expression,'  
Sends Wireless Asking That  
Cedric Be Held for His Flight

#### STEAMSHIP IS TO REACH PORT TONIGHT

NEW YORK, April 18.—Frank D. Campbell of the Campbell Burial Company announces that the officials of the Cunard line have requested that they have 250 coffins in readiness on the arrival of the Carpathia tonight. He said the officials had told him that there were dead on board, but were unable to give the exact number.

NEW YORK, April 18.—An effort was made today by J. Bruce Ismay, one of the owners of the White Star line and a survivor of the Titanic disaster, to detail the sailing of the White Star liner Cedric until tomorrow in order, it is understood, that Ismay might flee on it to Europe.

Vice-President Franklin refused to hold the Cedric and that vessel sailed at noon.

A wireless was received today by the White Star company from the Carpathia asking that the sailing of the Cedric be put off for a day. It is understood that the message was signed by Ismay, who is on the Carpathia, and that he desired to take passage on it rather than face congressional or other inquiry. The rumor spread rapidly that the Cedric would stop the Carpathia at sea and take Ismay off. This, however, was denied by C. W. Thomas, assistant manager of the traffic department of the White Star line, who said no arrangements had been made to transfer Ismay from the Carpathia to the Cedric at sea and that as far as he knew Ismay would remain aboard the Carpathia.

An effort will be made by Congress to prevent Ismay's flight from this country as he is wanted as a witness before the Senate investigating committee. If this government has not the power to hold Ismay, who is a British subject, pressure will be brought to bear on the White Star line company to compel him to appear before the committee.

Vice-President Franklin said today:

"We are not getting a thing by wireless from the Carpathia. There is not the slightest explanation of the Titanic's sinking or anything pertaining to the disaster in the wireless messages we have received."

"Have you heard from Mr. Ismay?"

"Yes," replied Franklin. Mr. Ismay is stunned beyond expression."

Franklin declined to make public the messages.

### GOVERNMENT DECIDES TO TAKE VIGOROUS ACTION

WASHINGTON, April 18.—Secretary MacVeagh ordered today that the revenue cutter Calumet or Hudson take the Senate committee out to the Carpathia tonight. The Carpathia will be stopped by the customs officers and the committee sent aboard before the vessel reaches port. She will then be within the American customs jurisdiction and the authority to stop her is lodged in the Secretary of the Treasury.

### WOMEN NOT TOLD THAT THEIR HUSBANDS HAVE PERISHED

NEW YORK, April 18.—The Cunard liner Carpathia, bearing the survivors of the sunken ship Titanic, was making her way slowly toward New York today groping through the fog, her wireless silent as that of the stricken vessel, a small part of whose human cargo she carries. According to best reckoning she will reach Sandy Hook at 9 p. m. and will dock at about 11 p. m.

Wireless messages bombarded the Carpathia all last night and today, but with little results. Even a message from President

# TAFT'S MESSAGES TO CARPATHIA ARE IGNORED

## MRS. STRAUSS PERISHED WITH HER HUSBAND

**Carpathia Refuses to Answer Queries Sent by U. S. Government**

(Continued From Page 1)

Taft, asking for news of his aid, Major Butt, remained unanswered and the indications are no details of the disaster will be known until the Carpathia reaches port.

Judging from the nature of the few messages from the survivors the inference is that most of them are unaware of the awful tragedy that took place aboard the Titanic after she was abandoned. Thus many wives are ignorant that their husbands have perished and are hoping that they were picked up by passing liners.

In New York all preparations have been made to receive the survivors when they land. Food, clothing, ambulances and other necessities and luxuries have been provided; that police protection will be ample and every measure will be taken to protect the unfortunates. For the women of the steerage a committee of leading New York women has been formed to house and take care of them until relatives abroad can be notified of their plight.

## WHO IS RESPONSIBLE FOR THIS DISCOURTEOUS TREATMENT?

WASHINGTON, April 18.—Officials of the Navy Department are suspending judgment on the conduct of officers of the Carpathia who have treated with scant courtesy requests for information transmitted through the scout cruisers Salem and Chester by government officials, including the President of the United States.

Whether responsibility rests with the captain of the Cunarder or President Ismay of the White Star line, who is reported as a survivor of the Titanic aboard the Carpathia, is a matter of conjecture.

Naval officials indignantly reject the insinuation by the Cunard people that the naval wireless operators are incapable of handling messages with due celerity.

## CARPATHIA REFUSES TO GIVE DETAILS REGARDING DISASTER

NEW YORK, April 18.—The Cunarder Carpathia, with 868 of the survivors of the sunken Titanic, will dock at 1 o'clock Friday morning, according to General Henry, surveyor of the port of New York. The rescue ship was off Nantucket lightship, 196 miles away, at 5:55 o'clock this morning.

The wireless report that there are only 705 survivors of the Titanic aboard the Carpathia still persists, but no word, so far as can be learned, has come from the Carpathia within the last twenty-four hours giving the exact number of shipwrecked persons aboard. From figures available at the White Star line offices it is probable that the number of those that perished totals 1312 souls.

The Carpathia is said to be in good working wireless zone, for numbers of private messages from survivors and dispatches to the White Star line offices were constantly being received during the morning, but no word came to the repeated requests for details of the accident.

The Sagaponack, Long Island, wireless station, reports that the Carpathia's wireless operator is "all in." The Sagaponack station says efforts will be made to put two fresh wireless operators on board from a tug.

The cruisers Chester and Salem and the government wireless stations on shore stopped sending so that the Carpathia might have an uninterrupted field for sending news.

The Carpathia has sent ashore the names of 125 third class passengers and has requested the White Star line to send a ship's officer and fourteen sailors on two tugs to take charge of thirteen Titanic life boats at quarantine. This would indicate that only thirteen life boats had been found available for rescue work instead of twenty life boats as had been approximated.

All hope has been given up that Colonel John Jacob Astor, Isador Straus, Benjamin Guggenheim, George D. Widener, Major Archibald Butt military aid to President Taft, Henry B. Harris the theatrical manager, and Charles M. Hays president of the Grand Trunk railway have been saved.

A representative of R. H. Macy & Co. said an official of the firm had received by wireless confirmation that Isador Straus and his wife were not among the survivors on the Carpathia.

The Carpathia's wireless operator sent word this morning that Colonel Astor was not on the Carpathia and he did not know whether Benjamin Guggenheim or Major Butt was aboard. The scout cruiser Salem requested information regarding Major Butt

## 'HUMAN LIFE NOT CONSIDERED' DEWEY SCORES MONEY GRABBERS

ADMIRAL GEORGE DEWEY, who says that the North Atlantic trip is full of danger.

## Admiral Declares the North Atlantic Trip Too Dangerous for Him

WASHINGTON, April 18.—"I think that every passenger who crosses the North Atlantic takes his life in his hands," said Admiral George Dewey today. "For myself I would rather go around the world in a well equipped battleship than make a trip across the North Atlantic in a transatlantic vessel."

"The greed for money-making is so great that it is with the sincerest regret that I observe that human lives are never taken into consideration."

from the Carpathia, but the Cunarder gave no answer. The Salem sent ashore the following message:

"I can reach the Carpathia, but she won't take any business from me."

The cruiser Chester has informed the Navy Department by wireless that having sent the list of third class passengers on the Carpathia via Salem, she was now proceeding to Delaware Bay. The Salem has sent the following message to Washington:

Your telegram relative to Major Butt and others was relayed to Chester promptly, and acknowledged and I later sent a second inquiry to learn at 10 p. m. that the original message was not received by the Chester. Am now trying for Carpathia direct by wireless. Conditions very unfavorable with many stations interfering with one another. Salem will proceed Bradford Thursday for coal, thence Boston.

(Signed) GEORGE D. WIDENER, the Philadelphia capitalist, is not aboard the Carpathia. That information was received by the White Star Line offices early today. No mention was made of his name. Henry Elkins Widener, in the wireless dispatches. Many of the wireless messages by survivors to their families show that they hold the hope that those from whom they had been separated were safe on board another steamer.

"I am praying that my husband has been picked up by another steamer," was a wireless message sent by a survivor to her family. A few of those who stilling to a faint hope that their family or friends might still be numbered among the saved aboard the Carpathia remained all night at the White Star line offices. The wireless word received late yesterday from the Chester that the first and second class passenger lists had been sent ashore was a heavy blow to the many who kept vigil for many hours at the company's offices.

TO HASTEN LANDING. Special arrangements have been made to care for the survivors when the Carpathia docks. Customs regulations have been suspended and there will be only a short inspection at quarantine by the health department, as is mandatory under the law. Police reserves will be stationed about the Cunard Line pier and only those who are friends or relatives of the survivors with proper credentials will be permitted on the pier.

Taxicab and hotel accommodations have been provided for first and second class passengers who are not able to proceed at once to their homes, while the steerage passengers will be cared for by the immigration department of this island or by a municipal lodging house, which has been placed at their disposal.

A host of more or less wealthy society women have organized a relief committee to aid the steerage survivors of the Titanic and have telegraphed President Taft offering to assist the government in the work of caring for the third class passengers.

**Richmond Woman's Sister Is Rescued**

RICHMOND, April 18.—Mr. and Mrs. P. V. Clark of Southampton, England, who were on the liner Titanic, were bound for Richmond, for the purpose of making a visit of several months here to Clark's sister, Mrs. Charles Young of this city. The name of Mrs. Clark appears among the list of second class passengers who were rescued but Clark's name

## BODIES TO REST AT SEA'S BOTTOM

Scientist Declares Victims of Disaster Will Never Rise to Surface.

BALTIMORE, April 18.—The bodies of the victims of the Titanic are at the bottom of the deep, never to leave it," declared Professor Robert W. Wood of the chair of experimental physics of Johns Hopkins University. "It is altogether improbable that any corpses will ever return to the surface, as is the case with bodies that float in shallow water."

At the depth of two miles the pressure of the water is something like 6,000 pounds to the square inch, which is far too great to be overcome by buoyancy ordinarily given drowned bodies by the lungs. No effect was produced on any portion, compartment or room to whose inside as well as outside walls the water had access in such instances the pressure from one side neutralized that from the other.

"But whenever there was an airight or water-tight compartment the 6,000 pounds to a square inch pressure of water has crumpled those walls as if they were tissue paper."

## LIFE BOATS FOR 1178 PERSONS

Only Half of Those on Titanic Could Have Been Taken From Vessel.

LONDON, April 18.—Sydney Burton, president of the Board of Trade, said today the Titanic actually carried sixteen boats on her davits, giving accommodation for 980 persons. Other boats carried provided accommodation for another 188, making the total 1178. In addition there were 14 life buoys and 3500 life belts. The actual number of passengers and crew on board the Titanic was 2208.

NEW YORK, April 18.—The Dutch oil tanker La Plandre, which came in from Antwerp, reported an encounter with the ice field April 11, at 8 o'clock at night, in latitude 42.02 and longitude 50.07. La Plandre was compelled to put about and steamed for twenty miles to the southward to clear the field. The temperature of water near the ice pack was 30 degrees.

If the Titanic sank in water registering below 30 degrees those who may have leaped overboard probably survived but a few minutes.

NEW YORK, April 18.—The Dutch oil tanker La Plandre, which came in from Antwerp, reported an encounter with the ice field April 11, at 8 o'clock at night, in latitude 42.02 and longitude 50.07. La Plandre was compelled to put about and steamed for twenty miles to the southward to clear the field. The temperature of water near the ice pack was 30 degrees.

If the Titanic sank in water registering below 30 degrees those who may have leaped overboard probably survived but a few minutes.

## CONBOY AWAITS FIFTH VERDICT

Ex-Police Captain Again Faces Jury in Trial for Murder.

SAN FRANCISCO, April 18.—The fate of former Captain of Police Michael J. Conboy is now in the hands of a jury. For the fifth time the defendant is awaiting a verdict with very much uneasiness. The case was given to the jury about noon and it is expected that considerable time will be taken in deliberating by the twelve men who listened to a mass of conflicting testimony. Assistant District Attorney Brennan's final statement in arguing to the jury was a denunciation of Conboy and his alleged drunken attack upon Bernard Logan, who died from a bullet fired by Conboy after hanging for months between life and death. Superior Judge Sargent of Monterey, who has been trying the case, instructed the jury that before noon Conboy was brought to trial on four former occasions. The first time he was convicted of man slaughter, but obtained a reversal in the Appeal Court, and on three subsequent occasions the jury disagreed.

MAY ROBSON BADLY INJURED BY FALL

MEDFORD, Ore., April 18.—Tripping on a stage brace at the head of the stairs leading to her dressing-room, Miss May Robson fell headlong to the floor ten feet below last night and sustained injuries which may compel the canceling of all performances of "A Night Out" for the present, and may cause the abandonment of the present tour.

Miss Robson struck on her head and struck a lamp when she fell. Doctors were called, and it was found that she had sustained severe bruises on the head and neck, and a fracture of her right hand and received a severe nervous shock. It is the latter which, the doctors say, is the most serious.

## APPOINTS COMMISSION TO SELECT SCHOOL SITE

PHOENIX, Ariz., April 18.—Governor Hunt today appointed a commission to select a new site for the State Industrial school now located in Benson and which, in accordance with an act of the legislature, will be removed to a place where the hundred inmates of the institution may engage in farming. The commissioners named today are: John J. Hawkins, Prescott, L. J. Vaughan, Duncan, and John T. Dunlap, Phoenix.

## COLONEL PIPPY RESIGNS FROM GOVERNOR'S STAFF

SACRAMENTO, April 18.—Col. W. H. Pippy, a member of the Governor's military staff, a holdover from the staff appointed by former Governor Gifford, when rank was that of judge advocate of the national guard of California, has re-

## TITANIC WAS WARNED OF ICEBERGS IN HER PATH

Liner Mesaba Was Close By, but Failed to Receive 'S. O. S.'

NEW YORK, April 18.—The Atlantic Transport liner Mesaba, in today from England, reported that Sunday night the following messages passed between her and the Titanic, both bound for New York, the first being from the Mesaba:

M. G. Y.—Latitude 12 to 41.25 north longitude 49 to 50.30 west; much heavy packed ice and a great number of bergs. We are clear.

(Signed) CLARKE, Captain of Mesaba. The reply was: Thanks. (Signed) M. G. Y. "M G Y" was the call of the Titanic. The Titanic at the time the

messages were exchanged was estimated by Captain Clarke to be about ninety miles astern of the Mesaba. Explanation of the failure of the Mesaba to get the "S. O. S." call of the Titanic when she hit the berg is made by Stanley Adams, wireless operator of the Mesaba, who said he had his instruments tuned for a much greater radius than ninety miles after warning the Titanic and the waves passed him by without registering on his receiver.

Sunday morning at 6 o'clock the Mesaba ran into what Captain Clarke says was the largest field of ice he had ever encountered. The Mesaba ran 120 miles out of her course to avoid it.

## THIRD-CLASS PASSENGERS AND CREW AMONG RESCUED

PORTLAND, Me., April 18.—A list of third class passengers and members of the crew rescued from the wrecked steamship Titanic by the Carpathia was received by wireless last night. The list follows.

## Congress Requested to Change the Law

UTICA, N. Y., April 18.—The mayors of all the cities in this state today authorized that their signatures be affixed to a telegram to be forwarded to Congress by the secretary of their association asking that the United States pass a law requiring every passenger vessel leaving a port in this country to be equipped with lifeboats or rafts sufficient to receive and float all human creatures on board the vessel.

## 2208 PERSONS SAID TO HAVE BEEN ON BOARD THE TITANIC

LONDON, April 18.—The actual number of passengers and crew on board the Titanic at the time of the disaster was 2208, according to Sydney Buxton, president of the Board of Trade, in reply to a question in the House of Commons this afternoon.

## Man-Drawn Plow Breaks Ground for Y.M.C.A. Home

SAN JOSE, April 18.—A thousand young men hitched to a great rope dragging a plow this afternoon broke ground for the costly Y. M. C. A. building to be erected at Third and Santa Clara streets. Addressed by Mayor Davidson and by other local officials and officers of the association for the costly Y. M. C. A., followed the unique ceremony.

## Committee Votes Against Battleships and Cruisers

WASHINGTON, April 18.—The naval committee of the House today voted against battleships and cruisers as part of this year's addition to the American fleet. The following program was agreed to by the committee: Two fuel ships, \$630,000 each; four submarines, \$300,000 each; six torpedo boat destroyers, \$558,000 each, and a tender for the destroyers. A direct vote on the question of building ships resulted in the defeat of the proposal that already has been turned down by the Democratic caucus. The proposed naval program is \$5,000,000 less than last year.

TO GIVE BANQUET. The Casaglit Club will give a banquet at the Key Route Inn on the evening of May 4th.

## Strong Healthy Women

If a woman is strong and healthy in a womanly way, motherhood means to her but little suffering. The trouble lies in the fact that the many women suffer from weakness and disease of the distinctly feminine organism and are unfitted for motherhood. This can be remedied.

**Dr. Pierce's Favorite Prescription**

Cures the weaknesses and disorders of women. It acts directly on the delicate and important organs concerned in motherhood, making them healthy, strong, vigorous, virile and elastic.

"Favorite Prescription" banishes the indispositions of the period of expectancy and makes baby's advent easy and almost painless. It quickens and vitalizes the feminine organs, and insures a healthy and robust baby. Thousands of women have testified to its marvelous merits.

**It Makes Weak Women Strong. It Makes Sick Women Well.**

Honest druggists do not offer substitutes, and urge them upon you as "just as good." Accept no secret nostrum in place of this non-secret remedy. It contains not a drop of alcohol and not a grain of habit-forming or injurious drugs. Is a pure glyceric extract of healing, native American roots.

# Attention!

## Taft Republicans

Mass meeting for the purpose of organizing all Taft Republicans in Alameda Co.

### Thursday, April 18

### 8 p. m.

## Macdonough Theater

**SPEAKERS: Ex-GOVERNOR J. N. GIL-LETT and SAM M. SHORTRIDGE.**

**Everybody Come and Come Early**

# CONGRESS TO DEMAND WRECK DETAILS

## WITNESSES TO ATTEND IMMEDIATE HEARING

### Senate May Not Have Power to Force Britishers to Testify

WASHINGTON, April 18.—The task of investigating the wreck of the Titanic was begun today by the Senate committee. The committee, composed of seven members, headed by Senator William Alden Smith of Michigan, to take testimony.

Chairman Smith will depart at once for New York accompanied by a Senate sergeant-at-arms to procure witnesses to attend immediate hearings. J. Bruce Ismay will be among the first to testify.

Other members of the Senate subcommittee are Senator Perkins, Senator Burton, Senator Simmons, and Senator Fletcher.

**JURISDICTION DOUBTFUL.**

Senator Smith said he feared his committee would be without jurisdiction to compel Ismay and other British subjects connected with the International Mercantile Marine to attend its hearing and give testimony.

"We may not have jurisdiction over the individual," said Smith, "but the American Congress is not without jurisdiction over the harbors of the United States. It is for these men who make use of the harbors to meet the public demand for information as to this terrible disaster and to do it now."

Immediately after his appointment as chairman of the subcommittee, Senator Smith went to the White House to confer with President Taft. One object was to induce the president to detail George Uhler, supervising inspector general of the steamship inspection service, to accompany the committee to New York.

He also desired to request that Secretary Nagel, who has jurisdiction over inspection of vessels go with the committee.

Senator Cullom announced he would call a meeting of the foreign

relations committee Saturday to report out the maritime resolution requesting the president to open negotiations for an international agreement regarding the safety of passengers at sea.

Among those who will be summoned to appear besides President J. Bruce Ismay will be the second, third, fourth and fifth officers of the Titanic, who are reported to have been saved, and any other officers who may have survived.

An important feature of the investigation may be the message transmitted through the Titanic, from the day of the calamity, from the steamer Amerika, to the Hydrographic office of the United States, giving notice of icebergs in the Titanic's vicinity.

Naval officials are of the opinion that one of the icebergs reported by the Amerika through the Titanic was the cause of the wreck.

**TO RESTRICT AMATEURS.**

The Alexander wireless telegraph bill, which would restrict the operation of amateurs and others to wavelengths not exceeding 200 meters, was favorably acted upon today by the House committee on merchant marine.

Experimenters and others engaged in important work might receive special permits from the secretary of commerce and labor to operate under greater wave length.

Secretary Nagel, who is charged with the administration of the American navigation laws, expressed unqualified approval of the suggestion of an international congress of maritime nations to discuss the momentous question of safeguarding oceanic travel. Nagel pointed out that had the Titanic held an American certificate she would have been obliged to have life saving apparatus for about 2300.

## DEMANDS INQUIRY INTO LAWS OF SEA

### Senator Smith Declares That He Will Insist on Rigid Investigation.

WASHINGTON, April 18.—Senator Smith of Michigan, who introduced the resolution passed by the Senate yesterday providing for an investigation of the Titanic disaster, said today that he would urge a rigid inquiry into existing maritime laws regardless of what interests might be affected.

"The facts necessary to intelligent action should be ascertained without fear or favor," said Senator Smith, "and the officers of the White Star line should respond to Congressional action frankly and honestly if they are to enjoy the privilege of American ports and the confidence of the American public."

"We are well aware that this English line of boats is closely related to it, but actually a part of the British navy, but even that fact should not deter the American government from exercising its authority to fix a standard of equipment and construction calculated to minimize the dangers of sea travel from American ports."

"Our committee will immediately set about the task before it, and I believe that we shall be able to control the conduct of the shipowners and masters by more definite regulations in the future."

## Mrs. Thayer Wires Husband Is Missing

PHILADELPHIA, April 18.—Grave doubt exists here regarding the safety of John B. Thayer, second vice-president of the Pennsylvania Railroad, who, with his wife and 14-year-old son, were on the Titanic. A wireless message was received here today signed by Mrs. Thayer, reading: "Jack, Margaret and I safe. No news of Mr. Thayer."

Margaret is the son. The message came from the Carpathia via Halifax and is said to have been one of three hundred received there.

## Banquet of St. George Society Is Postponed

NEW YORK, April 18.—The regular banquet of the St. George Society that is held in this city every year on April 23, St. George's day, has been postponed indefinitely on account of the fact that so many members of the society have lost friends on board the Titanic.

C. L. Parsons, secretary and treasurer of the C. H. Ward Drug Co., Pasadena, Calif., writes: "We have sold and recommended 'Foley's' Honey and Tar compound for years. We believe it to be one of the most efficient expectorants on the market. Containing no opiates or narcotics it can be given freely to children. Enough of this remedy can be taken to relieve a cold as it has no unsettling results and does not interfere with digestion." Wishart's drug store, corner Tenth and Washington streets.

## RED CROSS WILL APPEAL FOR AID

WASHINGTON, April 18.—After a conference at the White House today between Secretary of Commerce and Labor Nagel, C. D. Hillier, secretary to President Taft, and Miss Mabel Boardman, the active head of the American Red Cross, it was announced that an appeal to the people of the United States probably would be sent broadcast today by the Red Cross for funds to aid the destitute rescued from the Titanic.

## ASTOR, JR., PLANS TO VISIT SCENE

### New Head of House to Search for the Body of His Father.

CHICAGO, April 18.—If Colonel John Jacob Astor went to his death in the wreck of the Titanic, the American head of the family will be William Vincent Astor, a student at Harvard, who has not yet reached his majority. The young man probably will divide with Mrs. John Jacob Astor a fortune estimated at \$100,000,000.

The shock and sorrow caused by the news of the sinking of the Titanic for a time prostrated this young man, who will henceforth wield financial powers. He waited at the offices of the Astor estate until his physical powers gave way under the strain. Then he went to the Astor home, but his inactivity did not last long. He made arrangements to charter a 100-ton steamship equipped with fast engine and wireless apparatus to go in search of his father. The ship is in command of Captain Farquhar, who rescued forty persons from the wreck of the Bourgeois.

Young Astor and his father have been "pals." They were almost inseparable during the days preceding the Colonel's misfortune. The son supports his father. The divorce which separated Mrs. Ava W. Astor from her husband, to strengthen the tie between father and son. It is assumed that the bulk of the Astor fortune will go to Vincent and his wife, though it is one of the greatest in America. Vincent will find it less oppressive than great fortunes. As for the Astor estate, it is a matter of conjecture whether she will inherit much of the Astor millions. The bulk of this great fortune, which is found in New York real estate and it continues to increase in value with every year without troubling the owners, is in the hands of the late John Jacob Astor, who came to New York in 1783 and sold his estate in New York real estate. The Astor family has been noted for the tenacity with which it has clung to its real estate holdings.

## Nathan Strauss III as Result of News

ROME, April 18.—Nathan Strauss is dangerously ill and fears for his recovery are entertained. Strauss collapsed when he learned that his brother Isidor was among the missing on the Titanic's passenger list.

Physicians were summoned immediately and they reported his condition as grave.

Nathan Strauss, with Mrs. Strauss, sailed from New York last August as the representative of the United States at the conference of the International Congress for the protection of infants. He was the only delegate to the congress from the United States and was selected by President Taft because of his signal service in behalf of infants in the United States.

## Wireless Company Restricts Business

NEW YORK, April 18.—The United Wireless Company has sent the following dispatch to all ships and shore stations from New York to Hatteras:

"South West Coast, Gloucester, Sagaponck and Seal Islands. All other commercial and government stations will cease transmitting while Carpathia's business is being exchanged with the above stations. Work other than Carpathia's and business from government ships going to meet Carpathia will not be permitted."

## Photographs Iceberg at Scene of Wreck

CHICAGO, April 18.—Photographs of the ice floes south of Cape Race, where the Titanic went down, were brought to Chicago last night by Arthur Tree, son of the late Judge Lambert Tree, who rushed New York on the Carmania last Sunday.

The Carmania was caught in the Titanic's path and was forced to turn in its course and sail east for more than an hour before setting an opening.

The photographs were taken at the time the Carmania was turning by Tree's son. One of the pictures is of a gigantic iceberg which shows startling resemblance to the Sphinx. Others disclose great fields of ice over which, Tree said, the waves broke as on the reefs of a rockbound shore.

## BRITISH GOVERNMENT TO INVESTIGATE TRAGEDY

### Rigid Inquiry to Be Made Concerning False Messages Sent Out

LONDON, April 18.—A searching inquiry into matters concerning the catastrophe to the Titanic was promised in the House of Commons by Sydney Buxton, president of the Board of Trade, and Herbert L. Samuel, postmaster-general.

The postmaster-general said he already had taken up the false reports that had been published. He continued:

"I am making inquiries as to whether the wireless messages from ships holding my license for wireless telegraphy, on which the reports were represented to be founded, were in fact sent from those ships."

Some members of the House of Commons suggested that the false reports had been spread with a view of affecting the premiums on reinsurance, but Samuel said that matter was not within his cognizance.

## PARISIAN HEARD NO CALL FOR AID

### Wireless Operator Slept While Big Vessel Sent Out "S. O. S."

HALIFAX (N. S.), April 18.—The Allan liner Parisian, which had been off this harbor since morning, came up last night when the weather cleared. Captain Haines can tell nothing of the Titanic disaster. He had no intimation of it till Monday morning about 4 o'clock, when it was given him by the Oslan, that had taken in tow the disabled Deutschland, which the Parisian already had been trying to pick up.

The only communication the Parisian had with the Titanic was on Sunday night at 10:30, when the Parisian was in touch with her about 150 miles off and had asked her to relay a message to the Allan line in Montreal. This message was accepted and doubtless was forwarded.

The Parisian's operator then went to bed, and when the fateful call for help came from the Titanic not long after midnight, the operator was asleep. The Parisian was concerned and the Allan liner knew nothing of the awful affair till a couple of hours after the Parisian was in touch with her about 150 miles off and had asked her to relay a message to the Allan line in Montreal. This message was accepted and doubtless was forwarded.

The ships nearest to the disaster, and they were very much closer, were the Californian and the Carpathia. There were icebergs in the area and we met the Carpathia some time before we told them of the course we had come, and they did the same thing for us, that they gained the Titanic up on our course," said Captain Haines.

"Many cross messages were obtained afterward, bearing on the disaster, but none of these were mentioned by the Parisian's master, for he said it would be a violation of the rules."

"The ships nearest to the disaster, and they were very much closer, were the Californian and the Carpathia. There were icebergs in the area and we met the Carpathia some time before we told them of the course we had come, and they did the same thing for us, that they gained the Titanic up on our course," said Captain Haines.

"Many cross messages were obtained afterward, bearing on the disaster, but none of these were mentioned by the Parisian's master, for he said it would be a violation of the rules."

## VESSELS WARNED OF ICE FIELDS

### United States Hydrographic Bureau Given Location of Danger.

WASHINGTON, April 18.—For more than a quarter of a century the hydrographic office of the bureau of navigation, navy department, has been publishing from month to month a series of charts of the north Atlantic ocean, depicting physical conditions as well as the location of dangers to navigation as reported by incoming ships.

These publications are circulated freely among ship masters and shipping people in return for their news of the sea, the point of contact between the office at Washington and the marine world being a chain of branch hydrographic offices at the principal seaports.

In recent years the collection of marine data has been accelerated immensely by the use of radio-telegraphy and the hydrographic office thereby is enabled to publish a daily memorandum of any important reports of dangers received.

By this means Boston, New York, Philadelphia, Baltimore, Norfolk and other important ports on the Atlantic coast are kept in possession of the accumulated reports of dangerous icebergs and icebergs which have been detected by experts in this line of work.

Shipowners, companies and ship masters also are put in possession of the experiences and judgment of a trained staff in the hydrographic office as summarized in the daily memorandum of dangers to navigation, giving a study of the entire question, with diagrams to show the limits of ice for a period of ten years.

The shipping communities also are provided from month to month with a "pilot chart" showing the conditions of ice up to the time of printing, with the weekly hydrographic bulletin giving details in regard to the location of icebergs and icebergs which have been detected by experts in this line of work.

The April pilot chart issued March 28 showed that in March ice had come as far south as latitude 44 north. The daily memorandum up to the 13th instant showed that the trend of ice was to the south, and that it was to be expected that the icebergs would be sighted about the 14th, 15th and 16th. On the 14th and 15th it had reached the forty-second parallel and on the 16th some of it was seen south of latitude 42.

The Titanic's position was reported to have been latitude 41:18, longitude 50:14 at the time of its disaster.

## Taft Replies to American Cardinals

WASHINGTON, April 18.—The expression of sympathy sent to President Taft by the three American cardinals has been acknowledged by the President in the following letter made public today by Cardinal Gibbons:

My Dear Cardinal Gibbons: I have received the written expression by the Roman Catholic archbishops of the country, in which they have expressed their sympathy for the Catholic University, of their profound grief of the awful loss of the Titanic, and on behalf of the hierarchy I beg to express a grateful appreciation of this message of sympathy.

I note in your communication the valued suggestion as to the necessity for legal provisions for gathering of bodies of ocean travel. Sincerely yours, WILLIAM H. TAFT.

## Shock to Titanic Greater Than Guns

WASHINGTON, April 18.—A graphic comparison of the probable impact of the Titanic against the iceberg, which destroyed her, the probable force of the guns on a modern battleship is made by Captain Charles A. McAllister, engineer-in-chief of the revenue cutter service.

"The impact of the Titanic against the iceberg was probably equivalent to the simultaneous firing of thirty-inch projectiles or the concentrated fire of three such dreadnoughts as the Florida," said Captain McAllister.

"The fire of ten 12-inch guns such as the Florida carries is supposed to be sufficient to put any battleship afloat out of business if the projectiles should strike simultaneously."

"The force of the Titanic striking the iceberg must have been approximately one million foot tons, equivalent to her being struck simultaneously by thirty such projectiles. It is a wonder, in the light of comparison, that she floated so long."

"It is inconceivable that the ingenuity of man can ever devise a floating structure to withstand such a terrific collision."

## 70-Mile Ice Field Sighted by Vessel

NEW YORK, April 18.—What is said to have been the greatest icebergs field ever seen off the coast of Newfoundland was skirted by the steamship La Bretagne of the French line, which arrived here from Havre yesterday, bringing over 775 passengers.

The field was seventy miles long and probably as wide and the fleet was five hours passing along its edge. Scattered among the small ice were between forty and fifty immense bergs.

The Bretagne skirted this field last Sunday in the immediate place where the Titanic struck a berg and went down with more than 1400 persons.

## DR. DODGE SENDS MESSAGE TO SON

### "All Well" Is Flashed by Wireless and Wire to San Francisco.

SAN FRANCISCO, April 18.—Relieving the anxiety of his relatives and thousands of friends in this city, Dr. Washington Dodge, assessor of San Francisco, yesterday sent two messages to his son, stating that he and the members of his family who were on board the Titanic, are safely aboard the Carpathia en route to New York City.

The messages were received by Harry Dodge and read as follows: "Dear Father," "All well. Notify mother and sister."

"(Signed) FATHER."

The second message reads: "Dear Father," "I thought that his delay in notifying his family and friends of his safety was due partly to the fact that he was kept busy in his professional capacity as physician in return for the other survivors."

"News of Dr. Dodge's telegram was carried immediately to Mayor Rolph, who sent out the following message of congratulation eastward: a few moments later."

April 17, 1912.—Dr. Washington Dodge, care White Star Steamship Company, New York City: San Francisco, for the last forty-eight hours, has been sick at heart over the thought of your death in the terrible disaster of the ill-fated Titanic. I have just received news of the safety of you and the other survivors. The people of San Francisco thank God over your safety, and through me extend to you all affectionate greetings, and shall be glad to welcome you home. Very sincerely yours, "JAMES ROLPH, JR., Mayor."

## Score Boarded Big Liner at Cherbourg

CHERBOURG, France, April 18.—The following are additional names of first-class passengers who went on board the Titanic here. They were not contained in the list previously published:

**FIRST CABIN.**

HAYES, MISS M. COMPTON, A. T. OSBY, MRS. E. S. WHITE, MRS. J. S. and two servants.

**EVANS, MISS E. NEWELL, MISS T. FAUVENTHAL, J. LEGENHORN, MRS. A. F. BROWN, MRS. J. S. SMITH, MR. AND MRS. L. T. CASSEBER, MRS. H. A. CANDEE, MRS. C. BOWEN, MISS SCARBOROUGH, P. MAID OF MRS. CARTER, BERNBAUM, JACOB.**

**SECOND-CLASS PASSENGERS.**

HERNOT, P. IRVAN, MRS.

**Stead Was Visitor in Chicago in 1907**

CHICAGO, April 18.—The last visit of William T. Stead, the London publisher, who is believed to have perished in the wreck of the Titanic, was made to Chicago in April, 1907. At that time he visited many of the acquaintances made in 1898-94 while collecting material for his book, "If Christ Came to Chicago." Among places he visited were the working men's exchange, saloon, owned by Alderman Kenna and the saloon of Hank North in the levee district. He met and interviewed both owners thirty years before.

The doctor was Stead was accompanied by his wife and the two showed much interest in the settlement work accomplished by Miss Jane Addams at Hull House.

## Death of One Victim Predicted Years Ago

FOND DU LAC, Wis., April 18.—Friends of Dr. W. E. Minahan, who is supposed to have gone down with the Titanic, say his death at sea was predicted several years ago. It appears that Dr. Minahan, with several friends, was having his fortune told. The fortune-teller informed the doctor that he would lose his life on his second ocean voyage.

The doctor was chaffed later by his friends. When he made his first trip abroad his friends told him he need have no uneasiness on that voyage. Friends reminded him of the prediction that he would die on his second voyage. He was not superstitious, but is said to have arranged his affairs before he went abroad.

## Memorial Meeting to Be Held in N. Y.

NEW YORK, April 18.—A memorial mass meeting will be held Sunday night at a Broadway theater to adopt resolutions of condolence for the families of those who lost lives on the Titanic and take action looking to international regulation of ocean travel. The meeting will be under the chairmanship of Frederick Townsend Martin, society leader and welfare worker, who has been assured of the co-operation of prominent clergymen, city officials and other men of prominence.

## President Hays Not Among the Survivors

MONTREAL, April 18.—The Grand Trunk Railway Company this morning received the following telegram: "Mrs. Hays, Mrs. Davidson saved. No news of husband."

"(Signed) HAYS."

This message came from Woods Hole, Mass. This confirms information thus far received to the effect that the president of the Grand Trunk Railway is not among the survivors.

## Public Memorial Service in Toronto

TORONTO, Ont., April 18.—A public memorial service for the victims of the Titanic disaster will be held here Sunday in Mass. Hall. The meeting will be under the auspices of the Canadian branch of the British and Foreign Sailors' Society. Leading clergymen and prominent citizens will take part.

## Railroad Man Writes Remarkable Letter

In 1903 and 1904, I was a terrible sufferer for about five months with kidney and bladder trouble. I could not sleep nights. One doctor said I was going into consumption and gave me up to die. His two other doctors but received no help from either of them and am sure I would have been in my grave had I not seen advertisement in the "Marquette Daily Eagle Star" about the "Marquette Root" I was entirely cured.

In the last two years I have been a railroad fireman and have passed two examinations for my kidney successfully so that I know that my kidneys are in excellent condition now as a result of your great preparation.

Yours very truly, GEORGE KENSLEY, 109 1/2 13th Ave. So., Minneapolis, Minn.

Personally appeared before me this 25th day of September, 1909, George KENSLEY, who being duly sworn, depose and made oath that the same is true in substance and in fact.

HENRY GRAASS, Notary Public, Door County, Wis.

Letter to Dr. Kilmer & Co., Binghamton, N. Y.

Prove What Swamp-Root Will Do For You.

Send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the OAKLAND DAILY TRIBUNE. Regular fifty-cent and one-dollar size bottle for sale at all drug stores.

## DISASTER KNOWN EARLY, IS CHARGE

Steamship Company Official Faces Franklin and the Newspapermen.

NEW YORK, April 18.—At the offices of the White Star Line Vice President Franklin is much disturbed because of insistent reports that the White Star agents knew of the sinking of the Titanic many hours before they allowed the news to become public. In the most emphatic terms Franklin has asked such reports were unqualified and false.

Still the rumors would not down, and Franklin was at last informed that Thomas B. Stead, an official of the Cunard line, had told several newspapermen the sinking of the Titanic was known in New York as early as 10 o'clock Monday morning, though it was not announced until the White Star office until 7 o'clock that evening.

Franklin asked Central Agent Sumner of the Cunard line to send Stead to Franklin's office. There the newspapermen confronted Stead, and with pale face and trembling lips, he admitted he had told the newspapers of the sinking of the ship, was known, but denied he had said or intimated that the White Star officials knew it.

"I asked him if he knew the information to be authentic, and he said he did. Because of his standing and his affiliation with the White Star line, I believe that he spoke the truth, and so told you gentlemen" (pointing to the reporters).

"But I did not say the White Star line knew. My friend is not connected with the line," added Stead hurriedly. "Franklin is a man of high standing in the business world," said Stead, "and

## APPEAL TO PRIDE IN RAISING REMAINDER OF HOTEL FUND

W. H. Weilbye \$1000	E. A. Whitaker \$1000	?	?	?
?	?	?	?	?
?	?	?	?	?
?	?	?	?	?
?	?	?	?	?

Civic pride and enterprise are the keystones of today in the movement throughout the land to boost for the betterment of the separate communities. Each community feels a pride in its possibilities and achievements, and in the measure in which this pride is felt and published broadcast is the community benefited.

Oakland has its share of this justification for pride and its citizens are attempting to make the most of their just causes by laying stress on its resources and improvements. This has been done in the case of its water front, its city hall, its new Hotel Oakland and all its other civic enterprises. The differentiation between a city and a town is marked by the degree in which its citizens believe in its metropolitanism and express that belief in their dealings. Some of Oakland's citizens have this faith in large measure, and it is they who have launched these great improvements, including the magnificent new Hotel Oakland. In this hotel they have planned for a structure second to none on the Pacific coast, because they believe it is none too good for Oakland and Oakland's resources. They look about them at the natural beauty of the city's surroundings and its exceptional facilities as a terminal and manufacturing center and realize that unless they build for the future their foresight is narrow and their civic pride inadequate.

SEEK \$23,000 MORE.

This is the proper spirit, the spirit which has given support to the committee working to secure additional funds to the furnishing fund of the hotel. This committee has secured \$181,000 and is now aiming for \$23,000 more. It behooves every citizen of Oakland to appreciate the magnitude of the work undertaken and the splendid response which has thus far been given to the project. Only one thing more is needed—additional support and the pledging of the \$23,000 yet lacking to complete the equipment of the hotel. Let that be the contribution to the work of those who have not yet been subscribers to the undertaking.

## ONE MAN TO TAKE BASEBALL PHOTOS

Photographer Gets Restraining Order Barring Rival From League Grounds.

SAN FRANCISCO, April 18.—Joseph E. Durham, a photographer, obtained a restraining order from Superior Judge Murasky this morning to prevent Percy F. Dana, also a photographer, from taking pictures of any of the baseball games or the members of the Pacific Coast League. Durham alleges that the officers of the league agreed that the privilege of taking photographs during the season had best be awarded to one man, and he had been the lucky bidder for the contract. However, he claims Dana, who has a studio on Kearny street, took a number of pictures at the opening of the season and has been selling them. The restraining order was made returnable on April 19. When the matter will be heard in court.

## CROWD TOO LARGE TO SUIT SUICIDE

Waitress Explains She Just "Stumbled Overboard" From Ferryboat.

SAN FRANCISCO, April 18.—"Do you think I would commit suicide with all that crowd looking on? Well I guess not." So said Miss Pearl Williams, age 24, a waitress of 543 Pacific street, when she was picked out of the waters of the bay shortly before midnight. Miss Williams was a passenger on the ferry steamer Casadero from Sausalito. When the boat was off Alcatraz Island she deliberately removed her hat and coat and apparently plunged into the water. A boat was lowered and she was rescued and removed to Casadero. She was in a serious condition threatened with pneumonia. "I felt ill and dizzy and I went to the rail to get some air. A lurch of the boat threw me into the water," she further explained.

## BREAK IN SEWER CAUSES TROUBLE

Mayor Mott Fears Deposit May Be Menace to Public Health.

Breakage in the Twenty-fourth street sewer where it crosses Glenn Echo street above Lake Merritt, has resulted in the depositing of a large amount of sewer at this place and it is feared that the trouble may be a menace to health. Mayor Mott called attention to this morning and demanded that it should be remedied. The matter was referred to the city engineer to report as to the best means of remedying the condition. It is possible that the city will bring into use a big clam shell dredge which is not now being used. The engineer is investigating the means of changing the sewer system at this point that the trouble may not occur again. The Twenty-fourth street sewer empties into the Main Lake sewer at the creek, and when conditions are bad and the sewer is overloaded a break occurs here. It is possible that the sewer may have to be enlarged.

## COAST FESTIVALS TO BE PLANNED

Delegates to Convention Will Prepare for Wide Publicity.

SAN FRANCISCO, April 18.—A meeting was held at 10:30 this morning by the delegates to the convention of the Festival Associations of the Pacific Coast in the rooms of the directors of the Panama-Pacific Exposition. The session was held for the purpose of approving a plan of publicity that has for its object the exploiting of the Pacific Coast as "the playground of the world and the show place of America." The delegates present represented every organization on the Pacific coast. The festival associations are to begin a campaign to advertise the coast by holding events, beginning with Pasadena's tournament of roses and closing the year with the Christmas carols in San Francisco.

## WILL OPPOSE LIQUOR AMENDMENT AT MEETING

BERKELEY, April 18.—A mass meeting to oppose the passage of the charter amendment permitting the sale of liquor in original packages will be held this evening at Lincoln Hall in South Berkeley. J. M. Glines and Arthur Arlett will be the chief speakers. The amendment will be held at a meeting tonight at Jefferson school, where both sides of the question will be considered. Rev. G. T. Yoakum will speak against the amendment.

## OAKLANDER RESCUED FROM WATERS OF BAY

SAN FRANCISCO, April 18.—George Macarpel, who declares that he is an Oakland hotel man, but who refuses to give the hotel authorities his address, was rescued from the waters of the bay off Alcatraz Island Sunday morning. Macarpel was walking on the dock when he fell overboard. Manuel Maed, E. Clinton and John Gomez of the steamer Ginfandel rescued him with difficulty and sent him to the harbor hospital, where he was hospitalized.

## CLINTONIA CLUB DANCE

The first annual dance to be given by the members of the Clintonia Club will be held at Washington hall, East Twelfth street and Seventh avenue, next Saturday evening. The club was recently formed and already has on its roster many of the prominent young people of the eastern part of the city. Music will be furnished by the well known Niagara orchestra, which will render all the latest popular dance music including the local hit, "Everybody Waltz." The officers in charge of the affair are: O. W. Conrad, president; H. Frederick, secretary and W. H. Edwards, treasurer. Refreshments will be served.

## Spring Humors

Come to most people and cause many troubles—pimples, boils and other eruptions, besides loss of appetite, that tired, biliousness, indigestion and headache. The sooner you get rid of them the better, and the way to get rid of them and to build up the system is to take

## Hood's Sarsaparilla

The Spring Medicine par excellence as shown by unequalled, radical and permanent cures. Get it today in usual liquid form or chocolate tablets known as Sarsatabs.

## NEVADA POLITICIAN REPORTED MISSING

Charles L. Broy Drops Out of Sight in Mysterious Manner.

SAN FRANCISCO, April 18.—Charles L. Broy, aged 70, a prominent politician of Nevada and for sixteen years postmaster of Eureka, in that state, disappeared in San Francisco last Monday morning, and the police, after three days' work, declare the case is one of the most mysterious they have handled. The missing Nevada is the father of D. M. Broy, a stock broker, who lives at 1223 O'Farrell street. A few months ago he came to San Francisco for an operation upon his throat and has been under treatment by Drs. Walter S. Franklin and Morris Herzstein. He left his son's home at 10 o'clock Monday. The younger man found that his father had not returned that evening he notified the police and a search was made. Detectives Mackay and Conlin, who were out on the case, believe that they traced the aged man to the ferry. He is said to have been seen in a barber shop near the foot of Market street.

At the time of his disappearance Broy had \$25 in his pockets, and it is feared that he might have met with foul play on the water front. The son telegraphed to his brother, George, assistant purchasing agent of the Goldfield Consolidated mines, at Goldfield, and the latter came at once to San Francisco and has joined in the search. The elder Broy is 5 feet 5 inches in height, and weighs about 140 pounds. His hair is gray. On Monday he wore a brown overcoat, a brown hat, soft gray shirt and slate colored striped suit. He is a member of the G. A. R., and wore a button. One of the men to which he belongs are the Masons, Odd Fellows and Knights of Pythias.

## PERSONAL MENTION

MRS. F. TORREY and daughter, Dorothy, are guests at the residence of Mrs. Leonard Walton of Marysville.  
MISS SELMA JOHNSON is visiting her sister, Mrs. W. H. Giddings, in Newman, for a few days.  
MRS. W. B. BURROUGHS, MISS IDA GREEN and FOREST WRIGHT attended the funeral of their sister, Mrs. Edward Green, in Orland last week.  
MRS. J. M. WALBRIDGE is in Montague visiting friends and looking after business.  
MRS. L. TOAL is visiting relatives in Merced for the week end.  
F. B. MOORE was in Marysville a few days ago. He was formerly a resident there.  
MRS. E. WALL and child are in Grass Valley, where they are guests of friends.  
MR. and MRS. MILTON JONES were in Santa Cruz last week at the local hotels.  
MISS M. BUNKER is at Elk Grove, where she is being entertained as the guest of W. S. Robinson.  
MRS. G. W. THOMPSON has been in Eureka for several days as the guest of her sister, Mrs. Smith Marshall.  
JUDGE F. G. OLIFT and wife and W. A. Canedy of Winters, motored from Winters to Woodland Saturday.  
JOHN MEERER was in Redwood recently looking over his property south of town.  
SAM BURNETT was in Fowler a few days ago connected with some real estate business, and was the guest of Mr. and Mrs. F. A. Allen.  
MISS FLORENCE WHITE was the guest of Mrs. Blodgett Morris, in Stockton, during the Easter vacation.  
MISS LILLIAN BOWIE has moved to Truckee.  
W. D. YOUNG, a well-known oil man of the state, was in Berkeley recently on business.  
F. F. SMALL and family have been spending the week past in Reno.  
W. A. BROPHY was among the arrivals in San Luis Obispo last week.  
H. C. WESTON was in San Luis Obispo recently on business.  
MRS. E. N. NELSON and two little daughters spent several days of last week with Mrs. Nelson's parents, Mr. and Mrs. D. A. Gurnee, in Benicia.  
MRS. M. W. HALL has been entertained as the guest of Mr. and Mrs. C. J. Walker, in Visalia, the week end.  
MRS. ROLAND S. OLIVER is the guest of Mr. and Mrs. Fred at their residence in Santa Rosa.

## MAN ACCUSED OF GAMBLING IS FREED

SAN FRANCISCO, April 18.—Mack Wilsin, who was arrested in the Bullock Apartments, with a large assortment of gambling paraphernalia in his possession, was dismissed today in Judge Deane's court today for lack of prosecution. The gambling devices were ordered confiscated by the court.

## COUNCIL DEMANDS MAN AT MELROSE CROSSING

Commissioner of Streets W. J. Bacus put a resolution through the city council this morning directing the Southern Pacific company to place a flagman at the Melrose crossing, East Fourteenth street. Accidents have been narrowly avoided at this point, and the residents of the district have been clamoring for a flagman there for the protection of the public.

## WHEN YOUR FEET ACHES

From Corns, Bunions, Sore or Callous Feet, Blisters, New or tight shoes, Allen's Foot-Powder, the antiseptic powder to be shaken into the shoes, will give instant relief. It is the greatest comfort discovery of the age. Sold everywhere. 25c. Don't accept any substitute. For FREE sample address, Allen's S. Olmsted, Los Angeles, Cal.

## JUST THE THING

Why don't you paper that spare room, laundry, children's playroom, your summer bungalow with our artistic wall paper? It is the greatest comfort discovery of the age. Sold everywhere. 25c. Don't accept any substitute. For FREE sample address, Allen's S. Olmsted, Los Angeles, Cal.

No matter what bargains you have had here or seen elsewhere in Shirt Waists, this sample sale stands without any rival. Over 500 waists are included in this lot—bought at about half regular price. Stunning models of all Silk Taffeta, Silk Messaline, Chiffon, Crepe, Lingerie, changeable effects, wash silks, etc. Some in plain

## A Fated Nomenclature.

Of the distressing sea disasters that have frozen the pulse of humanity and strewn the ocean lane with wrecks since the advent of steam on the Atlantic, four stand out in ghastly relief—the Arctic, the Pacific, the Atlantic and the Titanic. The two last named belonged to the same company and involved the greatest loss of life.

"Ships that sailed for distant lands  
And never came to shore."

One of Henry Ward Beecher's masterpieces was inspired by the wreck of the Arctic and its pathetic incidents. The Arctic collided with the Vestia forty miles off Cape Race, September 27, 1854, and 350 lives were lost—then a transatlantic record.

The Pacific sailed September 23, 1856, with 240 passengers none of whom ever reached a mundane port.

The White Star liner Atlantic struck Marr's Rock, off Nova Scotia, April 1, 1873; 547 lives were lost. Captain Williams of the Atlantic was severely censured and after a tedious trial was suspended for something like two years.

The bad luck of the "lincs" has been illustrated by many minor accidents. When the giant Olympic was rammed by the British cruiser Hawke a few months ago the former's ill fortune rolled her into the law courts, where he claim of damages was beaten.

If ocean travelers are at all superstitious it would behoove the White Star owners to change their system of naming vessels. They have built, they claimed, for safety rather than speed, yet the racing liners like the Mauretania and the Deutschland have had no accidents.

A landsman's query anent the Titanic: Why was Bruce Ismay given an oar and not Astor? Surely the latter was the better sailor.

A recall election April 30 is expected to end the talkfest over the school situation in Berkeley. If the ballot does settle it Berkeleyans need not be downcast. They will still have the liquor question to squabble over.

## Making It Hot for Criminals.

Police chiefs and detective bureaus of the State are agitating the organization of a State Bureau of Identification in preparation for the proposal of a bill at the next Legislature providing its establishment. Such a bill was passed by both houses of the last Legislature, but for some reason, received a pocket veto at the hands of Governor Johnson. It is the intention of the chiefs to bring the matter again before the Legislature in an effort to secure its passage.

A State Bureau of Identification will help fill so many gaps in our present detective system that there seems no reasonable argument against it. Even the cost is trivial, and would be covered by the allotment of a very few thousand dollars annually. Headquarters, a photographic plant, stationery, duplicating outfits and a few men in charge compose the entire equipment.

The value of the returns the State would receive from such an outfit is tremendous. A number of police departments throughout the State, including especially Oakland, Berkeley, San Francisco and Los Angeles, with Sacramento, Alameda and San Diego to a lesser degree, have installed complete outfits for finger print and Bertillon measurements and maintain a thorough record of pawnshop pledges. Within metropolitan areas, such as that of the cities about the bay, the interchange of data thus acquired may be made nearly commensurate with the activities of professional criminals.

The moment such activities extend outside of such interchange, however, the handicap against the detective forces becomes immediately evident. And to a very great extent, because perhaps they are aware of this deficiency, do criminals thus extend their operations.

The aim of the State Bureau of Identification is to arrange a complete system of exchange that shall cover all parts of California. Various interurban systems already in operation will cover smaller sections. These in turn, and individual cities not so combined, will send all data to the State Bureau. There is already a national bureau, located at Fort Leavenworth, Kansas, which furnishes the machinery for a national interchange.

The detail work of such a bureau is now indicated in the lesser units that would be subsidiary to it. The Oakland detective force, for instance, photographs and takes the Bertillon measurements and the finger prints of every person detained. These are exchanged with Berkeley, San Francisco and other police centers, which likewise send reports to Oakland. A close watch meanwhile is kept of the pawnshops here, and articles pledged therein are described in reports that are exchanged in turn with other cities. A moment's reference on the part of detective forces recipient of such reports indicate whether the data refers to criminals, suspects or stolen goods sought by them. An immense amount of stolen property has thus been recovered, and numerous suspects arrested and successfully charged with crimes for which they have been wanted in other cities.

The chief imperfection of the system has heretofore been its limitation. Insofar as any section of the State was covered, criminals therein were more easily apprehended. The creation of a State Bureau of Identification, by making the system general, would fill the gaps wherein it now fails.

After giving away \$6,000,000, including the last of his fortune, Dr. K. Pearsons, philanthropist of Hinsdale, Illinois, aged 92 years, declares he is perfectly happy. Any man who could be happy after giving away all that money doesn't belong on this earth. The only proper place for him is Utopia or Heaven.

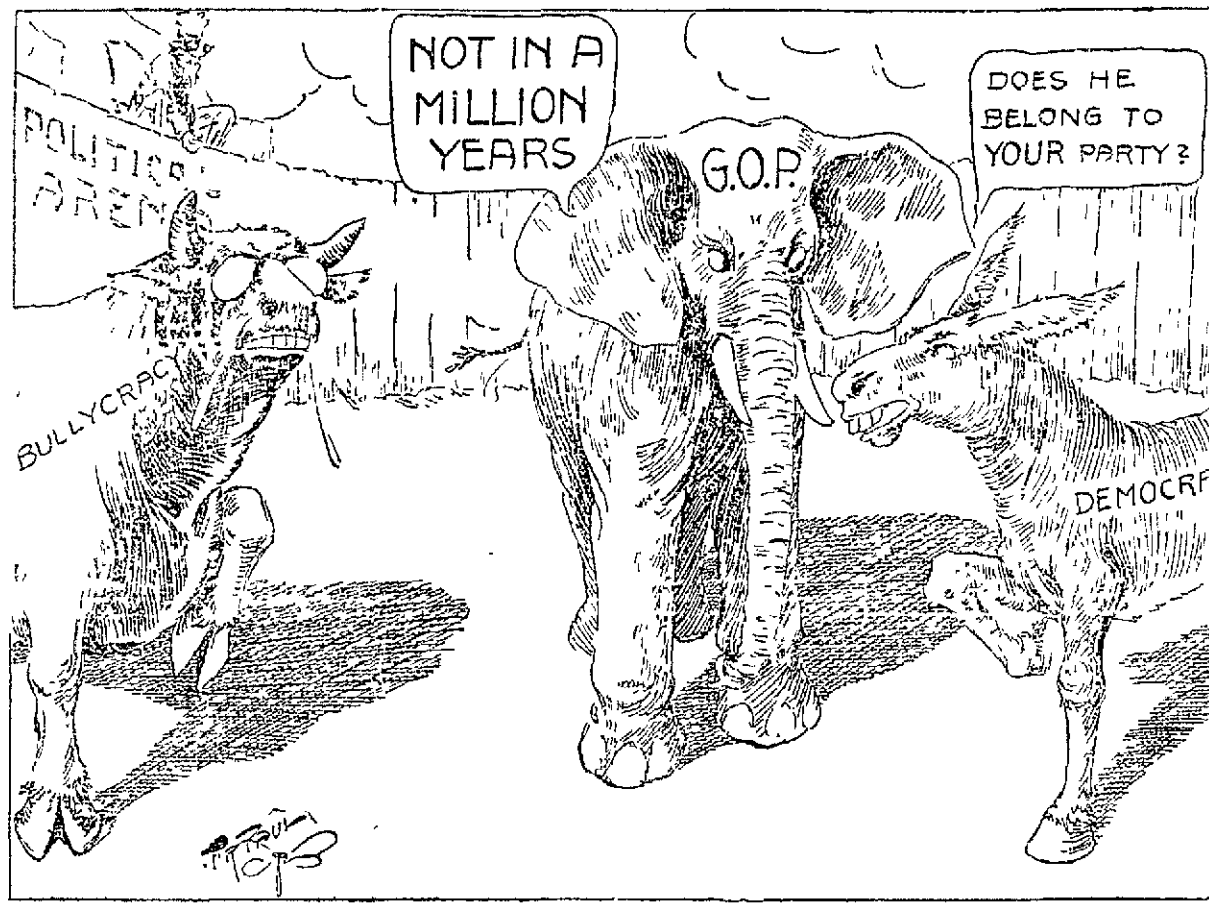

## Broader Use for Motion Pictures.

The continuance of the motion picture as a means of amusement is so assured as to be removed from the field of popular discussion. Its employment to depict subjects of an ephemeral nature has grown so common, however, that it is worth while recording at least one instance at our doors where effort has been made to give it permanent value.

The University of California, both as an institution and within the student body, has taken up the cinematograph as a way of recording college events and possessions that are worth retention. Largely this has been undertaken by the student body, but its utility has also been noticed by the faculty and promises to be used more and more widely thereby. A professional photographer has been engaged to reproduce various scenes of college life, the records of which will be laid away for future use.

To this time the University of California is the only institution of higher learning in this country to grasp the motion picture machine for such purpose. Its use here will be gradually widened, and is expected to serve as an incentive to its introduction for purposes of record in other universities as well.

## THE THIRD TERM

—BY THE OAKLAND TRIBUNE CARTOONIST.

## Protecting the Public Library.

The problem of the Oakland Free Library, as of every other public library under the sun probably, is to prevent the stealing of books. People who are accustomed to such petty purloining as this may shy at the word "stealing," but stealing it is, beyond peradventure of a doubt. Even if a book be surreptitiously taken for just a brief while, it is stolen for that length of time, so far as its use by those who might rightfully claim it is concerned. And very, very often, it must be admitted, the book that is taken "just for today" does not find its way back. Nor is such thieving inconsequential. Any attendant at the library can give such figures of missing books as will startle the most doubtful.

So far the Oakland library has refused to introduce the most obvious system for the prevention of these peculations: the closed stacks and delivery method. Let us hope that it may so continue. Anyone who has tried to use a library of that sort knows what a difference it is from the open stacks. The familiarity with books that comes from the mere handling of them, the mere physical act of overturning their pages and brushing the dust off their gilt edges, is dammed from the start. A book becomes a cold, article indicated by a title, too often not indicative, and an author's name. Love of books as such grows sparsely in such rocky soil.

What is left then is to teach the book-reading people a sense of right and wrong. One looks by inclination among the readers of books for such culture as indicates that sense and cannot but be surprised at its absence. Yet, probably no right was ever granted but to be abused by some of its beneficiaries. It behooves those, therefore, who do rightly consider the library and its privileges to inculcate in as wide a circle as they meet the idea that the books therein are a possession not lightly to be treated. The idea must be promulgated that the books are the possession of the whole people and that the removal of any one of them will keep knowledge or pleasure from persons to whom it rightfully belongs. Only by the awakening of the public conscience to this evil and to the understanding that the theft of a book is not so trivial as to some it may seem, can the evil be uprooted.

Oakland has been a "city beautiful" for a long time.

We who try to do our sleeping at night are wondering why the plan to muzzle Oakland dogs isn't followed by an ordinance providing mufflers for cats.

General Orozco says the American gunner, Fountain, was justly executed, but we should like to hear a few character witnesses in Orozco's behalf before taking his statement at its face value.

Colonel Roosevelt is so accustomed to dumping his friends when their consciences direct them to oppose his policies that it has become rather trite to take note of new occurrences of the sort. But he has with such vehemence recently blackguarded the New York Republican leaders who helped him to the governorship and the vice-presidency, but who refuse him support in his third term ambition, that one cannot forbear pointing out that he is up to old tricks.

## ARMY AND NAVY JOURNAL

Joking is blunder for causing a reduction in re-enlistments in the French army. The French army is now in a state of great distress. The number of re-enlistments in the French army in 1911 and the reforms necessary for 1912. The number of the non-commissioned officers is maintained and the recruiting of this branch is assured, but the re-enlistment of corporals and privates shows a falling off. In 1909 the re-enlistment of corporals was 30.7, and in 1910 the number was only 25.9, of privates the re-enlistments were 23.1 in 1909 and 22.4 in 1910. Among the causes of this falling off is the fact that the French army is now in a state of great distress. The number of re-enlistments in the French army in 1911 and the reforms necessary for 1912. ## Pointed Paragraphs

Anyway, a toper never frowns when asked to smile.  
Look out for the cars—even if you are on the right track.

A kiss in haste may be worth two at leisure—and it may not.  
Set others a good example by giving yourself a square deal.

A man can enjoy reading a mother-in-law joke—if he is a bachelor.  
When monopolists can't buy what they want they simply take it.

A woman is more careful of her complexion if she purchased it.

A girl hasn't much faith in prayer if she continues to have freckles.

Most men are willing to forgive and forget—if the price is satisfactory.

Every cloud may have a silver lining, but it's always on the other side.

And the matrimonial game is apt to begin with cut glass and end with broken china.

Women lean toward mystery, but men lean toward mystery.

If some cooks land in heaven, they will be awfully annoyed to find that they can't leave.

If a man isn't sufficiently original to manufacture his own lies, he should stick to the truth.

One always thinks there is a lot of money to be made in any kind of business that he isn't in.

If G. Washington was never asked for a fond mother what he thought of her cute baby, then it may be true that he never told a lie.—Chicago News.

One always thinks there is a lot of money to be made in any kind of business that he isn't in.

If G. Washington was never asked for a fond mother what he thought of her cute baby, then it may be true that he never told a lie.—Chicago News.

One always thinks there is a lot of money to be made in any kind of business that he isn't in.

## HER CROWNING GLORY

It is hard to receive with tranquility the verdict of a jury in the circuit court of Marion, Ind., deciding that if a man calls a woman "a red-headed woodpecker" she must not become provoked to the extent of striking him with a broomstick. All in all, and abetting the jury in this most mischievous of justice, the judge imposed a fine of \$1 thus giving substance to the charge recently made that our courts do not understand the fundamental principles of justice.

In the first place Mrs. Leslie Lang of One City, Ind., should never have been arrested on the charge of assault and battery on Harvey Burbee. It was admitted that she struck the complainant with a broomstick but it was in self-defense that he had called her a "red-headed woodpecker" as he rode past her house on his bicycle.

Red hair is not merely a crowning glory. It is a thing to which many a man to night and die. Some women are born great and others have greatness thrust upon them, but red-haired women are just born. When Providence is in high good humor, a new red-haired woman is ordained. They are not striven about the earth like cabbages or Kentucky colonels. They are dropped to earth gently, tenderly, and with the sun-kissed carress of nature.

Like a dream dashed off by Shakespeare, an opera composed by Wagner, or a circus gotten up by P. T. Barnum, the flashing, joyous, glowing soul of the red-headed woman. None but the woman of the Auburn hair knows what it is to have such flights to heaven and such swoops below. The soft clinging loveliness of May and the biting blast of December are locked in the glorious frame of the red-headed woman.

Cleopatra was a red-haired girl. If the sculptor who molded Venus had not been afraid of his brutish wife, he would have made his statue's hair a brilliant, plentiful red. It would take all the music and all the flowers in the world to spell the meaning of red-haired women.

When Mrs. Lang of Gas City, struck the poor, benighted creature who had so small an appreciation of beauty that he could apply the word "woodpecker" to a red-haired woman, it was but the symbol of poetic justice that was stretched across the ruins of her back. Had the creature not been wholly lost to the world, with the sunset hair, little can be said for such a man, but with reference to the judge and the jury who entered into the conspiracy against the lady, one can but wait prayerfully for the advent of the recall.—Washington Post.

## 20 YEARS AGO IN OAKLAND

In connection with the contest that has been filed by property owners on Jackson street against granting the Hayward electric line a franchise on that thoroughfare, from Eighth to Twelfth streets, it must be noted that on the outside there is a good deal of feeling in favor of the company. Merchants and business men are of the opinion that it is not right to block the road out of the heart of town.

M. J. Keller, who is president of the Board of Trade, announces that he is not a candidate for re-election to the office. A technical point in some probate papers may cause Joseph T. Frances of 1222 Alameda street to lose a legacy of \$2500. His friend, George Bolton, an old bachelor, made a trip to Berlin one year ago. Before he shipped on the voyage he made a will bequeathing all of his estate in Oakland to Frances. When the ship returned from the North Polar was not among the passengers. He had died at sea and was buried. Just as the estate was about to be probated an attorney from San Francisco appeared and stated that he would contest the estate in behalf of two sisters, one of whom lives on the island of St. Helena, where Napoleon died, and the other who lives in Natal, South Africa.

L. H. Briggs asks permission of the city council to move his dwelling house from 560 Thirteenth street to the corner of Thirteenth and Clay.

Saturday evening the Pacific Association of Zeta Psi held its annual banquet. This occasion was of unusual interest and marked the twenty-second anniversary of the chapter of the University of California, and the first anniversary of the Zeta Alpha chapter of Leland Stanford Jr. University.

There is considerable local interest over the fight to take place tonight at the California Athletic Club between William Callender and William Dawson. Callender is a graduate of the Acme Club and at his recent professional debut, easily whipped the redoubtable Willie Mahan.

## SECOND GEARY ST. BIDS ARE OPENED

P. H. Mahoney, the Lowest, Yet \$28,670 Higher Than Contractors Dodged.

SAN FRANCISCO, April 18.—The second series of bids for the construction of the Geary street road from Fifth avenue to Kearny street were opened by the board of works yesterday, the lowest bidder being P. H. Mahoney, at \$28,670. This is \$28,670 higher than the bid of Bates, Borsland & Ayer, which was opened March 27 and which those contractors made frantic efforts to withdraw on the ground that the specifications were illegal.

The board of works still holds the certified check of \$25,000 which Bates, Borsland & Ayer put up at that time, but cannot cash it because of a court injunction.

If the city succeeds in declaring the check forfeited it will still lose money as compared to the price at which the work would have been done had Bates, Borsland & Ayer lived up to their bid.

Assuming that the city gets the check its loss over the former bid will be \$3,670.

Mayor Rolph was present yesterday when the bids were opened. Bates, Borsland & Ayer did not submit a proposal, but eight contractors who bid before presented new bids. While there is no stated time upon which the contract will be awarded, Mayor Rolph urged upon the board of works that the contract be used. It is probable that Mahoney will receive the contract within a couple of days.

The bids opened yesterday and those submitted March 27 were as follows:

P. H. Mahoney	\$28,670	\$28,670
B. B. & A. L. Stone	29,370	28,550
Leahy-Thibbitts Co.	29,350	28,550
City Street Imp. Co.	307,235	285,707
Contra Costa Con. Co.	321,640	285,640
F. Roland	253,110	258,350
State Construction	253,110	258,350
Willert & Burr	322,920	312,200

## MUSIC ATTRACTS THROGS TO IDORA

Creator Proves More Popular This Year Than Ever Before.

While the band concerts at Idora Park have always proved popular, this season promises to surpass all others in attendance on the music numbers.

Creator and his splendid band of 50 artists have achieved a distinct place in the hearts of music lovers from the entire bay district. Since the opening concert, Creator has grown steadily in popularity, and the scope, variety and perfection of his musical programs and his ability as a director, has added additional laurels.

The amphitheatre at both afternoon and evening concerts is the gathering point of those who delight in the best of music. The program for the balance of the week comprises a noteworthy and varied collection of musical selections, that serve to fully demonstrate the supremacy of Creator as a director.

Tonight has been designated as "Popular Night." The music program being made up of numbers that strike responsive chords with lovers of popular or semi-classical music. "The Poet and Peasant," "Mikado," "Bohemian Girl" and the "Choclate Soldier" are included in the popular program.

Tomorrow night, Friday night, has been dedicated to the great German Wagner. The evening program contains eight selections, including "Tannhauser" overture, and the prelude, Act III, from "Tristan and Isolde."

The concert series amuseusement devices continues to attract crowds of fun lovers and joy riders. Every feature on the ground is proving up to its full possibilities as a glee-sifter.

## MILLS COLLEGE JUNIORS WILL PRESENT OPERETTA 'PRISCILLA'

MISS MAUDE ROSS as Priscilla in the operetta of that name, to be given by Mills College students.

The operetta "Priscilla" by Coolidge & Squire, presented under the direction of the junior class of Mills College, in the college gymnasium Friday evening, April 13.

Genuine merit both in acting and singing, has been brought out at the rehearsals, and those who have witnessed the rehearsals are confident of the success of the juniors.

"Priscilla" tells the story of a courtship by proxy and the score is made up of clever lines and sparkling music. The costumes are pretty and effective.

A feature of the stage setting will be Priscilla's spinning wheel, which for many years belonged to Mrs. Mills, the founder of Mills College.

The cast:

John Alden (a friend in need) — Anne Coleman

Miles Standish (the doughty captain) — William Bradford (the worthy governor) — Hatched Higgins (agent of the Mayflower) — Squanto (a reformed redman) — Ruth Wood

Priscilla (the pretty Pilgrim) — Maude Ross

Resignation (a spinster) — Maude Ross

Barbara, Faith and Prudence, three — Katherine Gordon, Rachel King, and Maude-Misses, Binkley, Boyd, Lemon, Tolmer, Moore, Davis, Henderson, Folger, Dodge, Downey, Olcese

Men—Misses Harper, Manley, Mattie, Mildred, Rose, Tilden, Carter, Bray, Crain, Foster, Newman

## CANFIELD PICTURE AT CAMERA THEATRE

Manager Smith of the Camera theatre, has arranged to have the Canfield picture run two days. This film can easily be classified as a feature picture, for it is both educational and instructive, and produces a moral for both young and old.

The old saying is that life is but a gamble, and we have all gambled, more or less. Very few of us, however, realize that this game of chance was ever carried to the extremes as is shown and exposed in this picture. To any one who is familiar with the tricks of the trade there is a certain lesson to be derived from the film. On the other hand, to those who have never seen it, it is a picture of the professional gambler, who is used by the professional gambler to best the unwary. This picture should prove most interesting as well as a source of knowledge.

## "To Them That Hath"

A SHORT SERMON TO FAT FOLKS.

"To them that hath shall be given" is a sentence that applies to fat people very neatly. It is common knowledge that once a human being begins to fatten up, to what they have already added more than they want until finally a stage is reached where reduction must be made or decided disadvantage results.

Then comes forward the ages-old query, "Reduce—but how?" To the uninformed nothing suggests itself but the (to them) twin evils—less eating—more activity. They contemplate a more or less lengthy siege of dieting and exercise. So it may be said safely that every man or woman in the land now undergoing the fattening-up process has his or her mental eye peering at the fat that not far distant day when he or she will have to don the "ashes and sackcloth of reduction."

This is not an enervating prospect, and so it is with considerable satisfaction that we announce the emancipation of the fat. Nowadays one may reduce much on little, a pound a day if desired, or hold their fat in check, absolutely stationary, without doing a tap of exercise, missing a single meal, doing a particle of harm, or causing a solitary wrinkle. All that's required, as hundreds testify is the taking after meals and at bedtime of one Marmola's Prescription Tablets.

These are sold by the Marmola Co., 235 Farmer Bldg., Detroit, Mich., or any good druggist at the uniform price of 75 cents. This sum being accepted for a case of tablets so well and generously filled that even one produces desirable results.

## JEWEL VALUED AT \$2000 IS STOLEN

Wife of Biscuit Company Manager Is the Victim of Pickpocket.

SAN FRANCISCO, April 18.—A highly prized jeweled pin, three and a half inches long, set with forty-nine diamonds, valued at \$2,000, was stolen last night from Mrs. P. J. Jacoby, wife of F. Jacoby, manager of the Standard Biscuit Company, residing at 3747 Jackson street.

Mrs. Jacoby was returning from the street car and took her pin in her possession when she took her seat. She rode to Sutter street car and alighted, carrying the pin. A few moments after alighting she discovered her loss.

The pin was valued at approximately \$2,000. It was brilliant and of jewelry with a large diamond in the center set about with 48 smaller diamonds. The pin was valued by Mrs. Jacoby because of its associations and this morning she asked the police to do everything in their power to get it for her.

"I do not know whether the pin was stolen from me or whether I lost it," she said.

The police are of the theory that a clever pickpocket succeeded in obtaining the pin while Mrs. Jacoby was on a crowded car.

## SCHMITZ CASES ARE CONTINUED FOR WEEK

SAN FRANCISCO, April 18.—Owing to the press of business in Department 14 of the Superior Court, the cases of Eugene E. Schmitz today there are twenty-four indictments hanging over a young man and the court has stated that he would dispose of them today. He was unable to do so, however, and the motion for a dismissal was continued for one week.

## REVISED SERGEANT'S FUNERAL

SAN FRANCISCO, April 18.—Retired Sergeant of Police William D. Hensley, who died on April 10, was buried today with a guard of patrolmen in attendance. He was appointed to the force, February 6, 1888, and was retired April 7, 1890.

## BOATS ENCOUNTER ROUGH WEATHER

Vessels Dock at Long Wharf, Bringing Tales of Rough Passages.

Practically every vessel arriving in the last twenty-four hours at this port tells of having encountered rough weather off the southern coast. The latest arrival here from the south was the steamer "Herald" of the Independent Steamship Company, which arrived at Long Wharf today from Los Angeles after bucking heavy seas during the greater part of the run from the southern port. Because of the heavy weather encountered by the "Herald" during the run she was several hours late in arriving here and for a time it was feared that some accident had happened to her machinery. She came into port undamaged, however. She is in charge of Captain Hansen and is at Long Wharf picking up a freight cargo.

The departure of the schooner Henry Wilson of the North Alaska Salmon Company from her berth in the yard off East Oakland today leaves but one or two packers in port. The Wilson was shifted to a berth along the shore and is at a berth along the shore. The last of these will probably sail this week.

Reports received from Bristol Bay, the chief fishing station of the salmon fleet, point to an earlier break-up in the ice than was reported at first. The report also declares that the season will undoubtedly prove a record-breaking one.

The North Alaska salmon bark "Lymphe" sailed yesterday for Bristol Bay. She was in charge of Captain Evans and carried a number of canner hands and canner supplies. The "Lymphe" is a member of the north Alaska Salmon Company's gas schooner fleet, and is in charge of Captain Evans. The "Lymphe" is a member of the north Alaska Salmon Company's gas schooner fleet, and is in charge of Captain Evans.

## The Man Upstairs Has \$15 Suits

That you cannot duplicate in any high-rent ground-floor shop for \$25. The real superiority—especially in point of workmanship, style and perfect fit is very apparent even to the most casual observer. They are all wool, designed, tailored and fitted by high-priced experts.

And Beat in Mind That I Have Only One Price \$15

Just received a snappy line of Norfolk Suits.

## EMMA GOLDMAN ROAD ASSOCIATIONS EN ROUTE SOUTH TO MERGE FORCES

Police of San Diego Anxiously Await the Leader of Anarchists.

LOS ANGELES, April 18.—The report that Emma Goldman, leader of the anarchists, was on the way to San Diego from Kansas City to take command of the campaign of the Industrial Workers of the World for free speech in the Southern California city, caused much activity in local police circles today.

Detectives from San Diego were here in conference with Federal officials in an effort to find some way of coping with the new situation. The San Diego officers were told, however, that so long as the Workers confined themselves to violations of city ordinances and did not attempt any infringement of the neutrality laws, the government could do nothing.

Officers are closely watching for violations of the neutrality laws, and the instant any attempt is made to cross over into Mexico, it is stated, arrests will be made.

WASHINGTON, April 18.—Hereafter the various road associations of the United States, including builders such as the American Association for Highway Improvement, users such as the American Automobile Association, road machinery manufacturers' associations, and the state highway commissioners' organization, will meet at the same time and place instead of separately.

With this end in view, a committee composed of representatives from three of the leading bodies will start on a trip in the near future throughout the United States to select a city which can furnish adequate accommodations for a convention as large as the combined bodies will require.

Officials of the United States Bureau of Good Roads express the opinion that much more will be accomplished than in the past by this united effort.

## HOME CLUB HOLDS FINAL LUNCHEON

Scores Gather in the Flower-Bedecked Halls of the Clubhouse.

An event in club circles was the luncheon held today in the spacious banquet hall of the Home Club, where 300 guests gathered, including many jolly parties of friends who made reservations several weeks ago. The tables were attractive in pink sweet peas and roses. Tulips were used on the tops of the dinner tables.

Today's luncheon was the last of the year and marked the close of the regime of the present board of directors. Mrs. E. J. Wickson of Berkeley was the presiding lady of the day.

A delightful feature of the afternoon was the talk given by Carl Purdy on "Flowers and Gardens." The quantities of beautiful tulips which adorned the club rooms were a sight to behold. They were given to the club by Purdy, who grows them in his famous tulip gardens, "The Terraces."

Miss Elizabeth Wilcox was a vocalist for the afternoon and gave a number of songs, including the "Jewel Song" from Faust.

The following officers have been elected to serve for next year:

President, Mrs. Granville Shuey; first vice-president, Mrs. W. W. Crane; second vice-president, Mrs. George H. M. Gray; third vice-president, Mrs. Charles E. Cornell, recording secretary, Mrs. H. F. Carlton, corresponding secretary, Mrs. James H. Pond; business secretary, Miss Lucy Shinn; financial secretary, Mrs. G. W. Armes; treasurer, Mrs. Charles F. Baker; membership committee, Mrs. L. D. Inskip, Miss Emma Fritzer, Mrs. Frederick Osgood, Miss Haven and Mrs. E. B. Richardson.

## STEADFAST CONFIDENCE

The Following Statement Should Form Conclusive Proof of Merit to Every Oakland Reader.

Could stronger proof of the merit of any remedy be desired than the statements of grateful endorser who say their confidence has been undiminished by lapse of time? These are the kind of statements that appear constantly in your local papers for Doan's Kidney Pills. They are twice-told and confirmed with new enthusiasm. Can any reader doubt the following? It's from a resident of this locality.

J. M. Bickell, Hayward, Cal., says: "I can recommend Doan's Kidney Pills just as highly today as I did in November, 1907, when I publicly told of my experience with them. I suffered a great deal from backache caused by a strain, and there was a dull, grinding pain in my loins nearly all the time. After trying several remedies and getting no relief, I used Doan's Kidney Pills. They did away with the aches and pains in my back and helped me in every way. During the past two years I have had practically no trouble from my back or kidneys."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

## ALAMEDA B. P. O. E. HAVE AFTERNOON FOR WOMEN

ALAMEDA, April 18.—The Alameda Lodge of B. P. O. E. entertained this afternoon at their club house on Santa Clara avenue. It was a "ladies day" and the wives and sisters of the members were among the invited guests. Mrs. Edwin Otis was the hostess for the afternoon and was assisted in receiving by Mrs. Louis Randolph Weimann and Mrs. F. J. Collier.

Card was the diversion of the afternoon followed by a program arranged by Mrs. Edwin Otis. Among those taking part were Miss Alice Davis, soprano, Miss Gertrude Prol, soprano, Miss Kelly, mezzo-soprano, P. J. Hammond, violin, reader, Arthur Garcia, violin, and Miss Garcia, pianist.

## LIGHT WIRES TO BE PLACED UNDERGROUND

Commissioner of Streets W. J. Bacon has decided to place the Pacific Gas and Electric Company and the Central Oakland Gas, Light and Heat Company, to have their light wires placed underground in Fourteenth street. The work is now under way along the street.

## Don't Poison Baby.

FOURTY YEARS AGO almost every mother thought her child must have PAREGORIC or laudanum to make it sleep. These drugs will produce sleep, and a FEW DROPS TOO MANY will produce the SLEEP FROM WHICH THERE IS NO WAKING. Many are the children who have been killed or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is a narcotic product of opium. Druggists are prohibited from selling either of the narcotics named to children at all, or to anybody without labeling them "poison." The definition of "narcotic" is: "A medicine which relieves pain and produces sleep, but which in poisonous doses produces stupor, coma, convulsions and death." The taste and smell of medicines containing opium are disguised, and sold under the names of "Drops," "Cordials," "Soothing Syrup," etc. You should not permit any medicine to be given to your children without your or your physician's knowledge of what it is composed. CASTORIA DOES NOT CONTAIN NARCOTICS, if it bears the signature of Chas. H. Fletcher.

Genuine Castoria always bears the signature of Chas. H. Fletcher.

## HAIR HEALTH

If You Have Scalp or Hair Trouble, Take Advantage of This Offer.

We could not afford to do so strongly endorse Rexall "99" Hair Tonic and continue to sell it as we do if we were not certain that it would do all we claim it will. Should our enthusiasm carry us away and Rexall "99" Hair Tonic not give entire satisfaction to the users they would lose faith in us and our statements and in consequence our business prestige would suffer.

Therefore when we assure you that if your hair is beginning to unhealthily fall out or if you have any scalp trouble, Rexall "99" Hair Tonic will promptly eradicate dandruff, stimulate hair growth and prevent premature baldness, you may rest assured that we know what we are talking about.

Out of the hundreds test cases Rexall "99" Hair Tonic gave entire satisfaction in ninety nine cases. It has been proved that it grows hair even on bald heads when at the roots the hair has not existed for so long a time that the follicles, which are the roots of the hair, had not become absolutely lifeless.

Rexall "99" Hair Tonic is vastly different from the "similar" preparations. We believe it will do more than any other remedy money toward restoring the hair growth, and hair health. It is not greasy and will not gum the scalp or hair, or cause permanent stain. It is as pleasant to use as pure cologne water.

Our faith in Rexall "99" Hair Tonic is so strong that we ask you to try it on our positive guarantee that your money will be cheerfully refunded without question or quibble if it does not do as we claim. Certainly we can offer no stronger argument. It comes in two sizes, price 50 cents and \$1.00. Remember you can obtain it only at The Owl Drug Company, stores in Oakland, San Francisco, Los Angeles, Sacramento, Portland, Seattle, Spokane.

**BONCI TO SING HERE TOMORROW**

World's Greatest Lyric Tenor Will Offer Notable Numbers.

The world's greatest lyric tenor, a singer whose art is perfection, and whose repertoire is more extensive than any artist of his kind, Alessandro Bonci, will give a concert at the Liberty playhouse, Oakland tomorrow afternoon, at 8:15. On his list here last year Bonci demonstrated his high rank among the grand opera stars and proved that as an artist he was equal to the best of the world. Equally conversant with the works of the older masters, the modern composers and the romantic Italian arias his programs are at once a musical education and a source of genuine pleasure. He is carefully selected and contains a host of songs from the Bonci repertoire. He will be assisted by his friend, the pianist, the full program is as follows:

- (a) Se mi Miami.....Puccini
- (b) Il Pensiero.....Haydn
- (c) O del mio dolce ardor.....Gluck
- (d) Vieni, Vieni.....Cassini
- (e) At Nightingale.....Carmen
- (f) I Love Thee So.....DeKoven
- (g) Grand Oria from "Matrimonio Segreto".....Chimarra

**KAHN'S CONDITION IMPROVES.**  
WASHINGTON, April 18.—Representative Kahn, who went to the west coast to California for his health, is reported much improved in a cablegram received by Mrs. Kahn, who has remained here. Kahn expects to arrive in Washington about the last of this month.

## FACE DEATH IN SUBMARINE BOAT

Crew of Vessel Imprisoned at Bottom of Bay More Than Hour.

SAN FRANCISCO, April 18.—Eight men braving the perils of a submarine boat, were held prisoners for an hour and a half yesterday when the new submarine boat "Carp" P. 1, fouled its anchor while in a cable and was held fast to the bottom of the bay. The boat was a few hundred feet from the shore.

Although the boat was not a submarine, it was a small boat with a diving bell. The boat was a few hundred feet from the shore. The boat was a few hundred feet from the shore. The boat was a few hundred feet from the shore.

NO TIME FOR PANIC  
The men inside were not panicking. There was no time for that. As the nose of the submarine appeared above the surface of the water the vessel took a sudden lurch and the eight men were thrown helter-skelter. The champagne glasses were flung from their hands and the bottles were dashed against the steel sides of the vessel.

From the lighter, which stood within fifty feet of where the "Carp" reappeared, the men saw the boat rise to the surface. The boat was a few hundred feet from the shore. The boat was a few hundred feet from the shore. The boat was a few hundred feet from the shore.

Almost miraculously the eight men escaped without injury. Several of them were slightly bruised. They were all badly shaken up. The "Carp" was undamaged.

## DEAN'S RESIGNATION ASKED BY BISHOP

SACRAMENTO, April 18.—Following the announcement made to the congregation of the Trinity Episcopal church that the position of forty signers asking that the church be permitted to organize as a parish church has been denied, Bishop Moreland has formally requested the resignation of Dean John R. Atwill, who had signed the petition.

The request of the bishop for the resignation is virtually a dismissal, as it means that Dean Atwill must surrender his position within ninety days to a successor who will be appointed by the bishop.

Much feeling was expressed among the communicants when it was learned that Dean Atwill had not voluntarily resigned, and threats were made by members of the Ladies' Guild and the church vestry that both bodies would disband if the bishop's orders were carried out.

## W. C. T. U. PAYS TRIBUTE TO MISS KENNEDY

SAN JOSE, April 18.—Delegates from all parts of Santa Clara county met in the annual convention of the Women's Christian Temperance Union at Morgan Hill yesterday. One of the chief features of the day's session was the unveiling of a granite tablet to the Morgan Hill cemetery to Miss Isola Kennedy, late president of the Santa Clara county union. Miss Kennedy died of injuries received in a battle with a wildcat.

## EVA RAY IN ACT OF MYSTERY AT BELL THEATER

Score to Be Summoned to Testify in Case of Former McNamara Attorney.

MISS EVA RAY.

A mysterious young woman billed on the program as Miss Eva Ray, is the headliner of this week's bill at the Bell Theater. Miss Ray has a magic act in which she performs amazing feats, causing the spectators much wonder.

More Ways Than One is the name of a sketch presented by Miss Beatrice McKenzie and Walter Shannon. There is plenty of comedy in the act and several scenes which call for good acting on the part of the couple, not forgetting the display of vocal ability by Mr. Shannon.

Senior Francis Murphy as a "German orator" is clever and amuses the audience by his comical radical talk. Carl Randall, a sort of American Laddie Cliff, is a fancy dancer and scores a big hit with his clever juggling.

East Sees Signs of Gentle Spring  
The weather during April to date has been in marked contrast with the severe conditions that prevailed during much of the period since the beginning of the year, and especially in the districts to the eastward of the Rocky Mountains. To the westward of the mountains the weather has been somewhat less favorable during April, but good rains have fallen lately in much of the region and the soil is now generally well saturated with moisture.

In the winter wheat states west of the Mississippi the heavy snowfall of the last winter has left the soil well filled with moisture and the undisturbed snow covering doubtless proved highly beneficial to the wheat planted during the prevalence of the severe cold. In the states east of the Mississippi the snow covering was generally lighter and afforded less protection during the severe cold. The soil is generally well saturated with moisture and the future of the crop covering of week has been a "flying" forcing vegetation in all parts of the belt.

In the spring wheat region, snowfall was generally less than usual, but good rains in the last week have put the soil in good condition and the weather has been favorable for outdoor work.

## QUARANTINE OFFICER REMOVED BY COOK

SACRAMENTO, April 18.—O. E. Bremner, chief deputy quarantine officer of the State Horticultural Department, stationed at San Francisco, was dismissed yesterday by Commissioner Cook, and Frederick Muskew, formerly a clerk in the department, appointed to his place.

Bremner's dismissal followed a conference in the office of Governor Johnson, at which Bremner and Cook confronted each other. Cook declared Bremner had been the cause of discord between the horticulturists and the state, and that he was a dangerous influence.

SCORES OF CHINESE KILLED IN BATTLE  
PEKIN, April 18.—A battle between the old and new military forces occurred at Wenshan, province of Szechuan, on Sunday. The result was a decisive victory for the new forces, and scores of Chinese were killed.

## THE WRETCHEDNESS OF CONSTIPATION

Can quickly be overcome by CARTER'S LITTLE LIVER PILLS.  
Purely vegetable, sweet and easy on the liver. Cures Bile, Headache, Indigestion, and all the troubles of the liver.

STUDENTS TO HEAR AKE.  
STANFORD UNIVERSITY, April 18.—Dr. Charles F. Ake, pastor of the First Congregational church in San Francisco, has accepted the invitation of the Stanford University to deliver the baccalaureate sermon to the graduating candidates on May 19.

Interest in the senatorial race centers in the contest of Jonathan Bourne Jr. (Republican) for re-election. He will face three opponents of whom the strongest at the polls, it is believed, will be Ben Delling of Portland.

## BRYAN CHARGES BREACH OF FAITH

Reply to Inquiry as to Dark Horse Is Very Brief and Tart.

LINCOLN, Neb., April 18.—In reply to an inquiry as to his attitude toward presidential candidates in the Nebraska primary, William J. Bryan yesterday sent a tart telegram to Arthur Mullin, Clark manager in Nebraska.

Mullin telegraphed Bryan in East Liverpool, Ohio, in common with other candidates for delegateships to the National Democratic Convention. He asked whether Bryan would support defeated primary candidates in the convention, should the candidate receiving the Nebraska preference vote be withdrawn and in preference to a dark horse candidate.

Bryan replied as follows: "Your inquiry received. As you know my position, your telegram could not have been sent in good faith, and I am not willing that you should deceive the public by sending it. You know that Dunn, Loomis, Westover and I are for any progressive and against any reactionary. You know that Hitchcock, Volpp and Smith are for Harmon. Your refusal to express a preference for progressive delegates cannot reflect Clark's wishes, at least, I shall not believe it until he indorses your action or refuses to repudiate it. I am sending him a copy of this dispatch."

SUBPENAS ISSUED FOR DAWG TRIAL  
Score to Be Summoned to Testify in Case of Former McNamara Attorney.

LOS ANGELES, April 18.—Active preparations for the trial of Clarence Dawson, the former McNamara attorney under indictment for alleged tampering with jurors, have begun. Yesterday and today twenty subpoenas were prepared and sent East for service. It was stated that there were as many more local witnesses and possibly ten or twelve from San Francisco.

The prosecution will be in charge of District Attorney Fredericks, assisted by two of his deputies. It was estimated that the trial would consume four weeks. Superior Judge Hutton will preside.

Bert H. Franklin, Dawson's former confidential agent, and Attorney John H. Hinton, also associated with the McNamara defense, it was stated, would be the State's two principal witnesses.

## Taft Reappoints Roosevelt Man

President Declares Political Affiliation Will Not Be Recognized.

WASHINGTON, April 18.—In a letter to Representative Gardner of Massachusetts, President Taft declared that he does not intend to remove any federal office holder because of his political views no matter how he might favor for president. The president's letter was written in connection with the reappointment of David M. Little as collector of customs at Salem Mass. Little's nomination was sent to the senate.

"Mr. Little now is connected with reference to my appointing him because he favors Colonel Roosevelt for the presidency. I have no objection to his bringing that matter to my attention, but I reappointed him, if I desired to do so under the circumstances," read the president's letter.

"As a matter of fact, I sent Mr. Little's reappointment to the senate yesterday and would not think of recalling him. I have removed no one in this campaign because of his political views, and I do not intend to begin to do so now."

"The truth is there never has been a history of politics in this country, when the political support of the federal office holders, such as it is, has been divided and at no time has the federal patronage exercised less influence in the national convention than it will in the one to be held at Chicago."

THREE PIONEERS DIE IN SISKIYOU COUNTY  
YREKA, April 18.—Three pioneers of Siskiyou county, died within twenty-four hours. L. S. Wilson, owner of the finest farm in Scott valley, passed away at Elma Mills aged 78 years.

James A. Reynolds, veteran attorney, died at his home in Fort Jones at the age of 67. He was a successful lawyer.

Frank Monroe, one of the earliest settlers in Yreka, passed away here. He was aged 69 years and was a native of France.

GET YOUR CORRECT STREET NUMBER IN DIRECTORY  
The copy for the new City Directory of Oakland is nearly ready for the printer. To insure accuracy the publishers desire that all street numbers be taken to notify them at ONCE BY CARD, giving the new and old numbers and the change will be made.

Gas the Best Fuel for Cooking  
We invite you to use GAS FOR COOKING for the following reasons:  
THE COST of a Gas Stove is less than that of any stove of equal capacity.  
REPAIRS are seldom needed. The heat is applied directly to the cooking utensils or the thing cooked, hence there is no warping or burning out of stove plates.  
FUEL is bought only in small quantities and paid for after it is used. Gas, if not wasted, will do your cooking cheaper than coal or wood.  
LABOR is continually saved by cooking with GAS.  
TIME is gained by the speed with which a Gas Stove can be put into operation.  
IN ADDITION, the Gas Stove is cleaner, healthier and safer than any other appliance that has been devised for cooking.  
We furnish FREE EXPERT ADVICE to customers.  
"PACIFIC SERVICE" IS "PERFECT SERVICE."

**Before Allowing an Operation**  
Please Read These Two Letters.

The following letter from Mrs. Orville Rock will prove how unwise it is for women to submit to the dangers of a surgical operation when it may be avoided by taking Lydia E. Pinkham's Vegetable Compound. She was four weeks in the hospital and came home suffering worse than before. Then after all that suffering Lydia E. Pinkham's Vegetable Compound restored her health.

**HERE IS HER OWN STATEMENT.**  
Paw Paw, Mich.—"Two years ago I suffered very severely with a displacement. I could not be on my feet for a long time. My physician treated me for several months without much relief, and at last sent me to Ann Arbor for an operation. I was there four weeks and came home suffering worse than before. My mother advised me to try Lydia E. Pinkham's Vegetable Compound, and I did. To-day I am well and strong and do all my own housework. I owe my health to Lydia E. Pinkham's Vegetable Compound and advise every woman who is afflicted with any female complaint to try it."—Mrs. ORVILLE ROCK, R. R. No. 5, Paw Paw, Mich.

**"THERE NEVER WAS A WORSE CASE."**  
Rockport, Ind.—"There never was a worse case of women's ill than mine, and I cannot begin to tell you what I suffered. For over two years I was not able to do anything. I was in bed for a month, and the doctor said nothing but an operation would cure me. My father suggested Lydia E. Pinkham's Vegetable Compound; so I please him I took it, and I improved wonderfully, so I am able to travel, ride horseback, take long rides and never feel any ill effects from it. I can only ask other suffering women to give Lydia E. Pinkham's Vegetable Compound a trial before submitting to an operation."—Mrs. MARGARET MEREDITH, R. F. D. No. 3, Rockport, Ind.

We will pay a handsome reward to any person who will prove to us that these letters are not genuine and truthful—or that either of the women were paid in any way for their testimonials, or that the original letter from each did not come to us entirely unsolicited.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself who will not try this famous medicine, made from roots and herbs, has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a physician and held in strict confidence.

BUYING tires on a price basis is gambling—the longer you stay in the game the more you are sure to lose.

While it may be less exciting to know what you are going to get for your money, you do get it when you buy Diamond Tires.

Diamond Tires give the Greatest Mileage of any tires made. And the only sure way to cut your tire expense to the lowest is to buy Diamond Tires.

AT YOUR DEALER'S OR The Diamond Store Cor. 12th and Harrison Sts., Oakland, Calif.

The Diamond Rubber Company

AKRON, OHIO

We could build them cheaper. But we don't. We would build them better. But we can't.

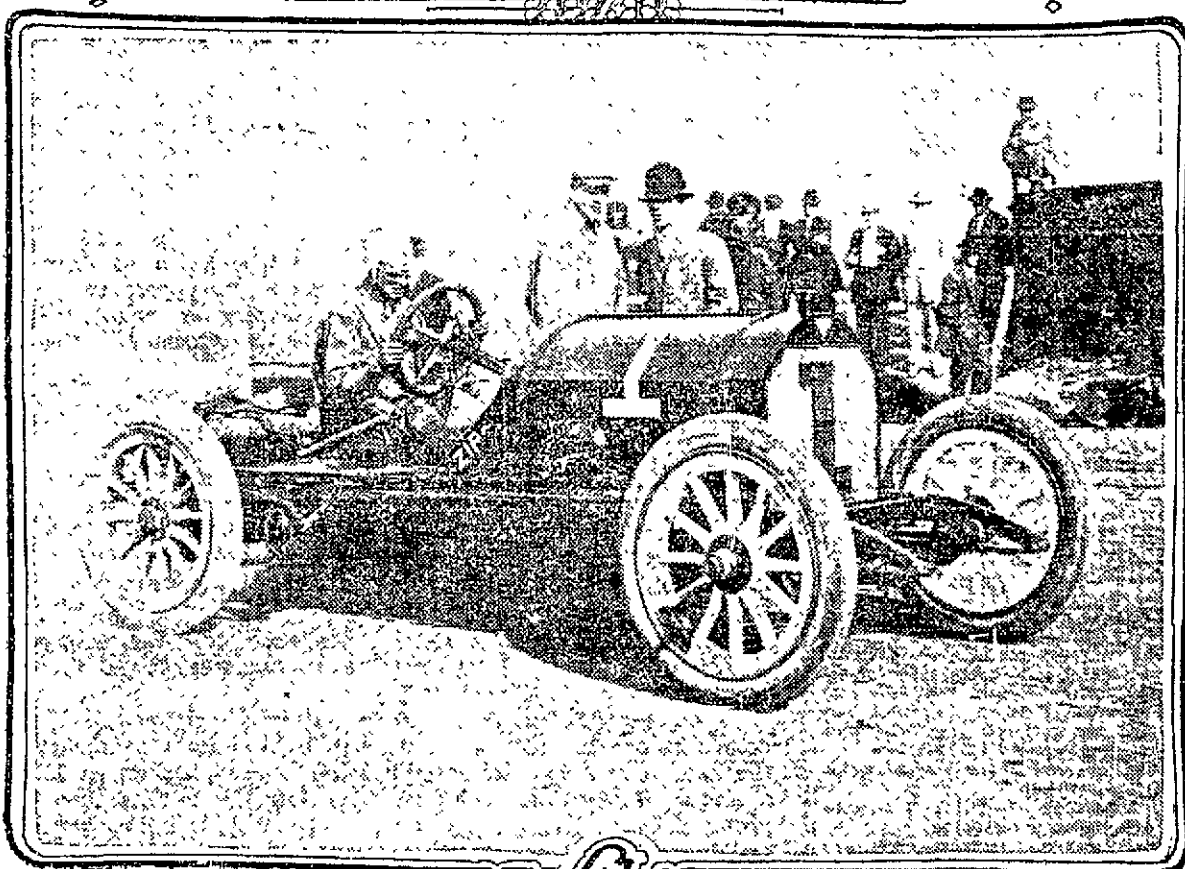

## OAKLANDERS TO BE AT KNOX BANQUET

Chamber of Commerce Officials Invited to Attend Annual Affair.

Officials of the Chamber of Commerce have been invited to attend the annual banquet of the California Development Board to be held in San Francisco on Tuesday evening, May 7, at 7 o'clock, at which Secretary of State Philander C. Knox will be the guest of honor. The banquet will be held in the hall of the Palace Hotel, and will be attended by upwards of 1000 representatives of commercial and civic bodies about the bay. A reception to Knox at 6 o'clock will precede the banquet. Among the Oaklanders on the reception committee are H. C. Caswell and George C. Fardee.

## LOUIS DISBROW DOES MILE IN 40 SECONDS AT MOTORDROME

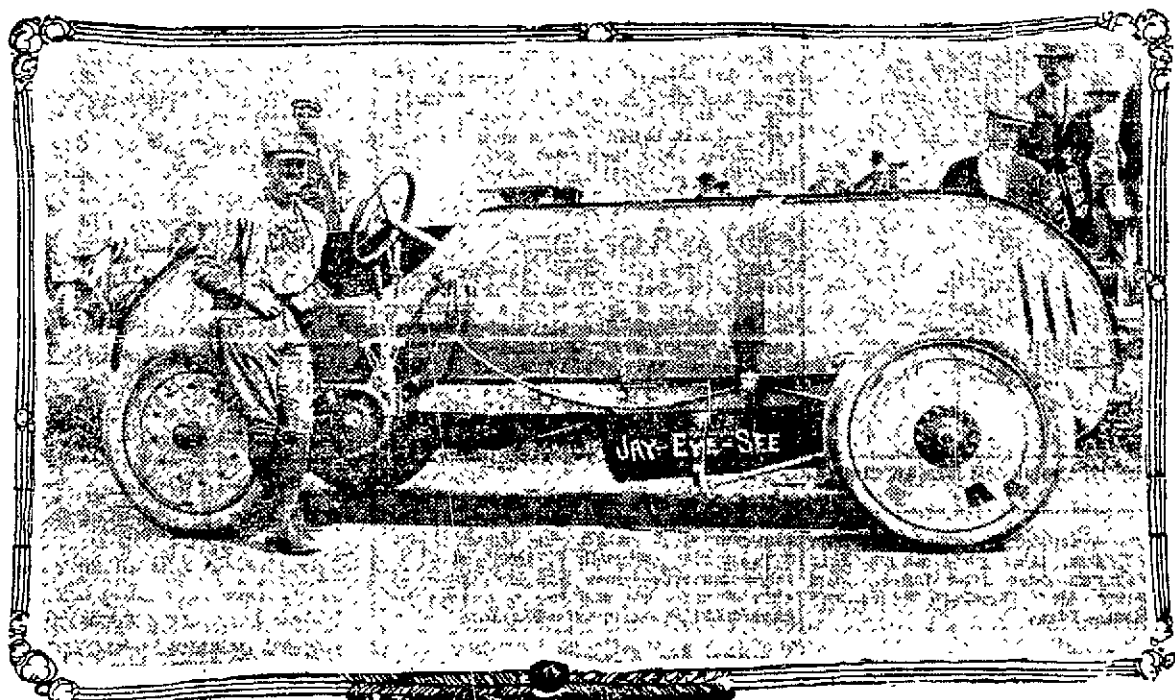

### DRIVERS TRY OUT SAUCER TRACK TO MAKE READY FOR RACES

## A. A. Hall Must Show 'Class' to Secure His License

Driving the 100-H. P. Simplex Zip for the first time in a real fast sport yesterday at the Oakland motordrome, Louis Disbrow, one of the star drivers, entered in the Shriner's meet on Saturday and Sunday, made a mile trial in 40 seconds. This time is equivalent to ninety miles an hour. It means a circuit of the track in 20 seconds.

Any doubt relative to sensational speed being the order of both day's events is removed by the trial performances enacted in the last two days by the local and Eastern drivers who are now engaged in turning their cars up for the coming events. Every precaution will be taken to fulfill the contest rules of the A. A. in the time trial heats that the records made may not be questioned. An exciting and thrilling program awaits the multitudes on either day when

Two of the big cars entered in the Shriner's races this week. The upper photo shows Disbrow at the start of his record-breaking attempt at San Jose last Sunday. Lower photo, a side view of the Big Jay Eye See racing freak, giving an idea as to its size.

the high powered racing motor cars, primed for the limit of speed, clear the series of races. From the little Patterson and Comet cars to the giant of them all, the Jay Eye See, range a list of speed-makers that can easily be classed among the finest in the country. Close to a dozen will await the signal of Starter Fred J. Wagner on Saturday afternoon.

### MUST SHOW "CLASS"

There is some question at this time over the eligibility of A. A. Hall, who has been named as driver of the eight cylinder Comet. Hall has filed his application for a driver's license with P. J. Walker, Pacific Coast representative of the American Automobile Association. Walker wants to satisfy himself that Hall can make good as a speed pilot. Until Walker sees him in action or has some assurance from a driver like Disbrow, he will not grant the local boy permission to compete. The 290-H. P. Jay Eye See, a product of the Fiat factory of Turin, Italy, especially constructed to compete with the Blitzen Benz and other of the larger racing cars, is being carefully groomed by

Disbrow for the events. When in action the enormous motor of the Jay Eye See explodes with a thundering noise. It has a cubic inch piston displacement of nearly 2700. For sake of comparison, the Pope Hartford racer which participated in the Panama-Pacific road race and were considered anything but small, had a cylinder displacement of less than 500 inches.

### LIKE BOAT BOTTOM UP.

The Jay Eye See, upon its arrival in this country, was rebuilt by the Disbrow brothers, one of whom drives it, the reason for this course being to make it better fitted for fast time on the one mile dirt track. The appearance of the car is like that of a boat turned upside down and then mounted on wheels. The radiator is hidden from view. Three large openings in the sides of the conical-shaped front permit of entrance for air. Metallic discs are fitted on either side of all four wheels to obviate any extra wind resistance. On a circular track it is impossible to open her wide, the power developed being almost beyond comprehension. It takes the combined effort of two strong men to

## THINKS HUSBAND HAS BEEN SLAIN

Colorado Man With a Large Sum of Money Vanishes on Steamer Trip.

SAN FRANCISCO, April 18.—Fearing that her husband, J. H. Smith, of Grand Junction, Colo., has been robbed and perhaps even murdered for the \$4700 which he carried on his person, Mrs. J. H. Smith communicated with the police of this city today. On March 31 Smith left San Bernardino, Cal., for San Francisco, and from the time he boarded the steamer nothing has been heard of him. He carried a suitcase with the name of J. T. Flubard on the side. Mrs. Smith, who left California for home, resides at 423 Hill avenue, Grand Junction, and has heard nothing of her husband and knowing of the large sum of money which he carried, has grave apprehensions regarding his safety. He is 6 feet 7 1/2 inches tall and weighs 146 pounds. Has fair complexion, dark hair, blue eyes, and is slightly lame in the left leg.

## DUPLICATE OF CANAL TO BE EXHIBITED

SANTA CRUZ, April 18.—The water pageant to be held here from July 27 to 29 on the San Lorenzo is developing into an historic affair, as it is now proposed to construct across a pageant island a replica of the Panama canal to be actually in operation. Another plan is to build a ship the exact type of the Clarendon, the first steamship built by Fulton, July 25 being the 147th anniversary of that event. The pageant opens with the termination of the big ocean yacht race from San Francisco to this city, and, in all probability, many warships will be present.

## Why not try them?

Inasmuch as you have no positive proof that United States Tires are not stronger than the kind you are now using, why not try them?

You might make an interesting—and profitable—discovery respecting the amount of mileage service it is possible to build into motor tires made by a rigid four-factory-test method.

## United States Tires

are made as no other tires in the world are made. They are the product of the most scientific tire knowledge, the greatest tire skill, and the combined tire experience of four immense factory organizations, each of which formerly—working alone—produced a tire that was recognized a leader. Today these same organizations, working with the most modern machinery known to the industry, are operating as a unit, producing a grade of tires that actually combines every element of strength and every secret of manufacture known to the experts of these four organizations.

## EASTERN SOCIETY LEADER IS SUICIDE

Miss Julia Carter Kills Herself Because of Family Estrangement.

PHILADELPHIA, April 18.—Miss Julia Carter, prominent in exclusive society circles in this city, is dead from inhaling gas in her apartments. According to the coroner, she was a suicide. The coroner said she had made every preparation to end her life and left a note addressed to a sister.

It was stated further by the coroner that an investigation showed that Miss Carter had been estranged from her family and that her relatives had threatened to cut off her allowance if she did not return home. Her mother visited her yesterday to try to induce the girl to return home, but she refused.

## FIFTEEN NEW CASES OF SMALLPOX REPORTED

SACRAMENTO, April 18.—Fifteen new cases of smallpox were reported to the State Board of Health from San Bernardino, Madera, Butte and Sacramento counties. In San Bernardino county, not in the city, a whole family is reported, a father, mother and three daughters. In Firebaugh, Madera county, there are two cases; and in Chico a whole family is down with the disease, a father and mother and five children.

NEWSPAPERMAN DIES. CLEVELAND, O., April 18.—B. F. Fowler, former editor of the Cleveland News, died here yesterday of cancer. He had been connected with the Detroit Journal and the Detroit Post and Tribune and the Cincinnati Tribune.

PUTS END TO BAD HABIT. Things never look bright to one with "the blues." Ten to one the trouble is a simple case of indigestion. Try Dr. King's New Life Pills. They will expel the "blues." Best for stomach, liver and kidneys. 25 cents at Osgood Bros.

## DR. PAUL FREAR DIES IN MANILA

Was Official in the Scientific Bureau in Philippines; Laboratories Chief.

MANILA, April 18.—Dr. Paul C. Frear, of the United States government scientific bureau in the Philippines, died yesterday. Dr. Frear was mentioned in recent Washington dispatches as a possible successor of Dr. Harvey G. Wiley as chief of the Bureau of Chemistry. He was born in 1862, was superintendent of the government laboratories in Manila.

## YOUNG MOTHERS

No young woman, in the joy of coming motherhood, should neglect to prepare her system for the physical ordeal she is to undergo. The health of both herself and the coming child depends largely upon the care she bestows upon herself during the waiting months. Mother's Friend prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. The baby, too, is more apt to be perfect and strong where the mother has thus prepared herself for nature's supreme function. No better advice could be given a young expectant mother than that who uses Mother's Friend; it is a medicine that has proven its value in thousands of cases. Mother's Friend is sold at drug stores. Write for free book for expectant mothers.

BRADFIELD REGULATOR CO., Adams, Co.

## PAJAMA-GLAD MAN CAPTURES BURGLAR

Paul Clifford Gives Chase to Intruders and Catches One of Them.

SAN FRANCISCO, April 18.—Paul Clifford, well known in commercial circles in this city, succeeded in capturing one of two burglars who invaded his room at the St. Ives apartments, 508 Eddy street, early this morning. Clifford was awakened by the noise made by one of the culprits opening the door in his room and threw a police whistle. This so frightened the burglars that they ran and he reached the hallway just in time to see two of them dart around the corner.

ATTIRED IN PAJAMAS. He pursued and, with the aid of Milton Anderson, captured Harold Ingersoll. The latter protested his innocence, but a jimmy on his person seemed to clinch the suspicion against him and he was charged with attempted burglary at the Bush-street station.

## BROTHER OF DR. BULL FOUND DEAD IN STABLE

NEWPORT, R. I., April 18.—Henry Bull, a prominent local business man and a brother of the late Dr. William T. Bull, was found dead in the harness room of his stable early this morning. He had inhaled illuminating gas and held the tube in his hand when found. He was 56 years of age and a veteran of the Civil War.

## ACCUSED OF ROBBERY POSTOFFICE

STOCKTON, April 18.—Postal Inspector J. S. Roberts has arrested Reining Baumgardt, and William Forelich, laborers, and charged them with the robbery of the Thalhaim postoffice Sunday. All the mail in the Thalhaim postoffice was stolen, and much of it was found on the persons of the defendants. Roberts has also arrested Earl C. Mohler, a clerk in the postoffice at Corcoran, and charged him with rifling the mail.

## HEART--TRIBUNE'S PAGE FOR WOMEN--HOME

## Society

**T**WO prominent society girls, Miss Albertine Detrick, daughter of Mr. and Mrs. Edgington Detrick of Berkeley, and Miss Florence Treadwell of this city, will become brides this evening at home weddings. Miss Detrick will be married at 9 o'clock to John Jerome Alexander Jr. by Rev. E. L. Parsons of St. Mark's Episcopal church of Berkeley before the relatives and a few intimate friends. Miss Elsie Detrick will be her sister's only attendant, and Miss Cartwright of Los Angeles will be best man. Young Alexander comes of a well known Portland family and is a former student of the University of California, where he was prominently identified with the Chi Psi fraternity. The bride is one of the popular society girls on this side of the bay, and her family is a well known one. She is a cousin of Miss Ernestine McNear and Miss Marian Miller. After a honeymoon trip Alexander and his bride will make their home in Portland.

At 8:30 Miss Florence Treadwell and Milton Horvath will plight their troth before the relatives of both families, at the home of Mr. and Mrs. James Treadwell on Broadway.

In a bower of roses and greenery Rev. Mr. McBurney will read the marriage service. The bridegroom will be white chambray, elaborated in beaded trimming and lace, while over this will fall the long filmy wedding veil, worn with a casket of orange blossoms. Her bouquet will be lilacs of the valley. Attending her as matron of honor will be Mrs. David Clapham, Jr., who will be given in pink embroidered tulle over chiffon. She will carry pink bridesmaid roses.

Miss Vera Belle Treadwell will be flower girl, sown in white chiffon and carrying an armful of Cecil Bruner roses. The handsome Treadwell home will be adorned with Lady Banksia roses and greens of all kinds. Charles Treadwell is to be Horvath's best man. The bride has a host of friends in this city and has received some beautiful gifts.

The young couple will live in Southern California.

**DINNER OF WIDE INTEREST.**  
Of wide interest in social and philanthropic circles is the dinner to the public which will be given by the officers of the T. W. C. A. on next Tuesday evening at Scottish Rite Hall, and which will be attended by many prominent local folk.

Dr. David Starr Jordan will be the principal after-dinner speaker and Miss Carolyn Patch and several other well known speakers will give addresses during the evening. H. C. Capwell will be toastmaster and there will be nearly 100

MISS ELSIE EVERSON, who is prominent in the social life of the bay region.

folk in the receiving party for the affair, including Mayor Mott and the city officials. The T. W. C. A. has been and is doing splendid work and in evidence of its appreciation and encouragement of what is being accomplished, the public will give hearty support. By communicating with Mrs. E. B. Yorker, tables may be reserved and already reservations are pouring in. The affair is planned as an evidence of good will and to show the aims and plans of the organization to the general public.

**IMPROVING IN HEALTH.**  
Mrs. W. Howard Metcalf of Piedmont, who has been seriously ill at a local hospital, has returned home and her many friends will be glad to hear she is recovering.

**TO GIVE LUNCHEON.**  
Mrs. George W. McNear will give a small luncheon at the San Francisco Club on Saturday when Miss Clara Alexander will be the honored guest.

**CARD AFTERNOON.**  
Miss Vera O'Connor entertained a group of friends yesterday at her Vernon Heights home. Her guests included the members of a small card club. Among

those who spent the afternoon were Mrs. Harold Baxter, Miss Alice Shinn, Miss Elsie Farrar, Miss Effie Smille, Miss Lucy Shinn, Miss Elizabeth Smille and Miss Fannie Hays.

**TO GIVE DANCE.**  
Cards have been issued by Mrs. Wynona Clark for Tuesday evening, April 20, when she will entertain twenty-five friends at a dance, to be given at the W. A. Clark home in Claremont Manor.

**ENGAGEMENT OF INTEREST.**  
The engagement of Miss Florence Adelaide Cobblestick and Sidney V. Chouin is of interest. The marriage will occur in June, and after a wedding trip, the couple will live in Berkeley. Miss Cobblestick is a sister of L. N. Cobblestick of East Oakland.

**ISSUE WEDDING CARDS.**  
Mr. and Mrs. W. A. Wilson have sent out 700 cards for the wedding of their daughter, Miss Bowen, to Miss Theodore Benedict Lyman, on Wednesday, May 8, in St. Mark's Episcopal church.

**COMPLIMENTARY TEA.**  
Mrs. Kenneth Hamilton has sent out 200 cards for the afternoon of April 20, when she will give a tea for Miss Carmen Sutton, whose wedding will take place in June.

**BRIDGE AFTERNOON.**  
Mrs. Harry Smith will be hostess on Friday at a bridge afternoon in honor of Mrs. George Mason, a visitor from Washington, D. C. A group of neighborhood friends is her guest list.

**WEDDING NEXT WEEK.**  
Miss Helen Bancroft, who announced her engagement last week to Leon Gove, has set her wedding day for Thursday of next week at the family home of the Bancrofts on Webster street. The details will be of the simplest and only relatives and close friends will attend. Miss Bancroft is refusing all social engagements, preferring to accept them after her honeymoon.

**IS VISITOR FROM CHICAGO.**  
Miss Celie Harmon of Chicago is the guest of Mrs. Grace Wells and Mrs. H. Chamberlin, a sister of Mrs. Wells, at the Chamberlin home in Hamilton Place. Mrs. Wells, who is a former San Francisco and Oakland resident, has been sojourning in Chicago for almost a year, and was accompanied to the coast by Miss Harmon, who is a belle of the Illinois metropolis. Mrs. Wells will return to Chicago with Miss Harmon, after visiting at Portland and Salt Lake.

**ENJOYABLE RECEPTION.**  
Mrs. Edward Remillard's reception last night was a very enjoyable affair and about 300 guests shared her hospitality. An informal dance was followed by supper, which rounded out the evening's pleasure. Assisting in receiving the guests were:

Mrs. and Mrs. James A. Johnson, Dr. and Mrs. Murray L. Johnson, Dr. and Mrs. C. Edwin Brinkerhoff, Mr. and Mrs. James Shepherd Jenks, and Mr. and Mrs. Frank M. Hurd, Mr. and Mrs. John Shuey, Mr. and Mrs. Clarence Shuey, Mr. and Mrs. Van Housen, Dr. and Mrs. J. W. Leggett, Mrs. D. E. Easterbrook, Miss Jesse O'Neill, Charlotte Playter, Robert Adams, Adela Portin, Curtis Hayden, Elizabeth Hurd, Elliott Johnson, N. Ryne, Clara Gray, John Goodson, Margaret Orrick, W. Chinds, Mildred Snook, L. Greeney.

**TO LEAVE NEXT MONTH.**  
Mrs. Aaron Schless plans to leave this month for the Atlantic coast and will join her daughter, Miss June Schless, who will return to California later with her mother.

**INFORMAL TEA.**  
Mrs. Lillian Brown Evans will open her home in the Lakeside district to the members of one of the season's card clubs

WOMEN IN THE NEWS  
CALVE CHANGES  
MIND THREE  
TIMES

Lack of Pullman Car Causes  
Diva to Rebel, Run  
and Hide.

**N**ILES, April 18.—A woman's new mode of changing her mind whenever and wherever she pleases was claimed by Madame Calve, a famous soprano three times. Calve dislikes the chair cars, and when she accompanied by her husband, Signor Gaspari, and her manager, boarded a train at San Jose to go to Stockton, via Niles, she at first decided she would not go because the train did not afford a Pullman. She was persuaded to make the trip.

On the train she was told she must change cars at Niles. She at first was determined not to do that, but the hope of riding in a Pullman induced her.

At Niles she asked the station agent for a Pullman ticket.

"No Pullmans on this train. Chair cars only," was the terse response.

"Then I won't go," exclaimed the diva, and she advanced her foot in anger, so that the train did not carry a Pullman. It would never, no never, carry Calve. The conductor waited for the diva and then signaled the train to start. For the third time Calve changed her mind.

When the train started she began to run. She chased the train for about 200 yards and gave it up in disgust, returning to the platform for a later train.

Without any inquiries she meekly boarded it and rode to Stockton.

Also she rode in a chair car.

**Dies of Smallpox**  
LOS ANGELES, April 18.—The world tour of Mr. and Mrs. James Maxwell of this city, who sailed from San Francisco for the Orient on the Chiyu Maru January 10, ended sadly Monday, when the beautiful young society and club woman died in Adelphi Hotel. She was attacked with smallpox less than a week ago, but was not considered in a serious condition. A cablegram announces that death came suddenly. Maxwell is quarantined at Adelphi.

Maxwell, formerly Miss Finley, was a member of the leading clubs here. She was 24 years old. She leaves a son 5 years old. Maxwell is president of a large business house and prominent in club circles. He and his wife were to have traveled six months longer.

**Loses in Court**  
STOCKTON, April 18.—An attempt by Mrs. A. Pagno to have Frank Capurro, a prosperous farmer of this county, committed to the state hospital was foiled in Judge Plummer's court by the defendant, who succeeded in producing several witnesses who testified that he was not given to the excessive use of stimulants, as charged.

Mrs. Pagno introduced testimony tending to prove that Capurro had been addicted to drink for several years and on the occasion of the trial threatened to do bodily harm to his wife and children. The physicians, however, after hearing all the testimony, decided that he was not a dipsomaniac, and the court ordered his release.

**Fright Is Fatal**  
SANTA BARBARA, April 18.—A street fight between a man and his wife so frightened Mrs. Refugio Gutierrez, aged 70, at her home at 230 East Montecito street that she suffered a stroke of heart failure and died.

J. D. Castleberry and his wife were the innocent, though belligerent, cause of Mrs. Gutierrez' death. According to the battle scarred husband late last night his wife had been jealous of him. She made accusations against him when he put on his coat and hat and started away. She followed him, keeping close to his heels until they reached the home of Mrs. Gutierrez, where they had a pitched battle.

While witnessing the quarrel the aged woman fell to the ground from an attack of heart failure and died within a few minutes.

**Gives Up Fugitive**  
SACRAMENTO, April 18.—Governor Johnson has honored one of the first requisitions made upon him for the surrender of a woman to the authorities of another state in the case of Mrs. Laura C. Cummings, wanted in Chicago on a charge of perjury. Mrs. Cummings is held in Los Angeles.

Governor Johnson also issued a requisition for the return to Los Angeles of Charles Parker from Missouri on a charge of passing a fictitious check.

**Settles Suit**  
SANTA ROSA, April 18.—Dismissal of a suit brought by Mrs. John Treadwell in a suit brought by a wealthy society girl of this city, and S. S. Sitt of Los Angeles to recover \$20,000 damages for being run down and injured by an automobile in the week in Del Norte. Sitt was riding. The amount of settlement is not given out.

on the afternoon of April 20, tea following the card game.

Mrs. Guy Newcomb received half a hundred friends today at a 4 o'clock tea in compliment to her mother, Mrs. H. A. Damon, who is visiting her from her home in Boston.

**ENTERTAINED INFORMALLY.**  
Miss Alice O'Connor entertained yesterday for Mrs. Charles Stewart (Montgomery) who is soon to go abroad with her husband.

**OAKLANDERS AWAY.**  
Among the Oaklanders who are away are Dr. Francis Bussner and Mrs. Musser, who are spending the week in Del Norte, where a number of the local smart set are sojourning.

Mrs. T. D. Coghill and Miss Rose Kaies are in Los Angeles the house guests of Mrs. Coghill's daughter, Mrs. John Treadwell. Miss Kaies will return to Oakland before the end of the month, but Mrs. Coghill will remain in the south some weeks longer.

Miss Elizabeth McNear and Miss Vera Nicholson have left London for a month's visit in Paris. Their journeys will take them to Vienna. Miss McNear and Miss Nicholson will not return to California until the autumn.

## WATER OR COLD CREAM

By LILLIAN RUSSELL

(Copyright, 1912, Lillian Russell.)

GAIN I am called upon to tell my friends the value of water to the skin. Many women write and ask if I approve of water to cleanse the skin and add that they never put anything on the skin but cold cream: that it cleanses the skin and keeps it better and cleaner than water and soap. They then want some little cure for blackheads and something to remove superfluous hair from the face.

I must take the cause, the effect, and then the cure. God has given us everything in abundance wherewith to beautify ourselves. The first law is intelligence, the power to think, brains to reason with. I cannot imagine any one with so little reason that she can figure out that oils or creams will cleanse the human skin better than water.

The wildest American Indian understands the use of oils better than some of the civilized women who have the advantage of physicians to consult and books to read. The Indian plunges into the river, lake or any water he can find, from the smallest pond to the largest ocean. It seems that the wilder the tribe of any country, the greater is their belief in God's gifts. The cleanliness of water, the healing qualities of earth and water mixed, viz.: mud. Indians will bury themselves in mud to heal any skin disease.

Water is the greatest blessing the world contains, it is two-thirds of our being, it is given us to use freely, and in that manner it should be used.

The greatest beauty in the world is the cleanest. Water comes before everything. The bath is absolutely necessary to the skin before any other application is used, either an oil or a liquid preparation. The Indian, after his plunge into the water dries himself in the sun; he then rubs oil into his skin and massages his flesh with it, to make it shine and gleam like marble. Oils are sacred to the wild tribes of all countries.

Take this illustration from the wild people. Never put anything on your skin until it is thoroughly clean.

Civilized people have the means to heat water which the Indian knows nothing of. Hot water should be used for cleansing purposes, bathe freely in it, but always end your bath with cold water. The effects of cold water upon the skin are—purity, firmness and tight pores.

Now, when the pores are closed you may use almost any good cream or oil and it will not penetrate the cuticle to a dangerous degree, but will polish and refine it.

Soaps are inventions and there are many good soaps; those made from oils are the best. Castile or oil soaps are not injurious to the skin and are cleansing. They may be and should be used freely, on the face as well as on the body.

Blackheads and almost all facial blotches come upon the face from neglect and want of cleanliness. If water does not touch the face the pores will fill with oil, that will form into little germs, which will eventually find a way out, causing little bubbles of pus to form, called pimples. Then the opening of them leaves a scar (a mark of ugliness), which could have been prevented by the free use of water.

Nothing should be used upon the skin which nature does not furnish—no oils except vegetable or floral oils. There are so many fine vegetable oils that feed the skin and beautify it. No lotion excepting floral lotions, extracts of vegetables or flowers, should be used. Fresh rain water is purer and softer than distilled water for the skin.

Take all of God's gifts—flowers, fruits and vegetables—as a ground work for all of your preparations, and you will find them all beneficial. I believe in finding out what agrees with the skin, then when the skin is perfectly clean, using it to preserve and beautify it.

The pure oil of almonds is always good. Elder flower, orange flower or rose water all are harmless. Rice or corn flour are always good powders.

What more do you want? You can find them all in any small town. But the first rule is cleanliness.

Remember: You must start clean to build any beautiful object.

## Answers to Queries

**K. H.**—If you are a young girl you can arrange your hair so that it comes well over your ears. This will hide the defect. At night when retiring bandage the ears so that they lie flat against the head. There is an instrument made for you think your hair is too thick. This purpose and I am sure you can get it at any drug store.

**M. M. C.**—It seems strange that most everybody wants thick hair. However, there is nothing that I know of that will make your hair thin. Perhaps it will get more oily if you brush it well each night.

**MISS H. L.**—On account of lack of space I cannot print the full treatment for blackheads, but if you will write me again asking for the treatment, enclosing a stamped, self-addressed envelope, I will be glad to send them to you. I will also send you an excellent cleansing cream if you will ask for it.

**M. F. D.**—Indeed I do think massage one of the most useful and beneficial methods of improving the health and preserving the looks. It is rightly regarded by physicians as one of the most powerful means in the restoration of bodily strength after illness or the restoration of parts after disease. The word massage comes from a Greek word meaning to knead, to handle. Hippocrates, the father of medicine, refers to it as the art of rubbing, and says the physician must be experienced in it. "Rubbing can bind and loosen, can make flesh and cause parts to waste. Hard rubbing binds, soft rubbing loosens, much rubbing causes parts to waste, moderate rubbing makes them grow." The Greeks and Romans understood much better than we moderns the benefits which could be obtained from massage. The chief results of massage are due to the effect on the minute blood vessels, which in the case of the arteries terminate in the skin and in the case of the veins begin there. I shall send you the directions for complexion treatment and facial massage if you send a stamped, addressed envelope.

## OAKLAND'S BOYS AND GIRLS

WILD FLOWERS OF  
STATE WILL BE  
DISPLAYED

California wild flower day will be celebrated in the juvenile department of the Oakland Public Library, Fourteenth and Grove streets, Saturday. The hills of Alameda county have been stripped of their floral covering, by the youngsters, who have plucked the buttercups, poppies and other blossoms for the annual display.

The flowers will be arranged upon the tables, according to their species. A committee of teachers and members of the library staff will receive the guests. The pupils of the local schools are looking forward to the flower festival.

**MANY BIDS OUT FOR O. H. S. DANCE**

Several hundred boys and girls have received bids for the semi-annual dance to be given by the Senate Debating society and the Eccelesiae, the girls' literary club of the Oakland High school, for a narrow evening in the gymnasium, Twelfth and Jefferson streets. Representatives of both organizations composed the arrangement committee which included:

Julia Knight, Elsie McCormick, Corina Jacobs, Kirby West, Harold Adelsdorf, Clarence de Lanoy, Harold Adelsdorf, has been appointed floor manager.

Members of the debating team of the Oakland High school gave their protest against the dance at the Berkeley High school auditorium, on Tuesday, April 26.

**PUPILS OF MERRIMAN SCHOOL PLAN BAZAAR**

For the benefit of the West Oakland Free Kindergarten, the children of the Merriman school will conduct a bazaar in the school rooms, 681 Fairmount avenue, Saturday afternoon. The children who have made many of the articles, will assemble in the Berkeley High school auditorium, on Tuesday, April 26.

MANY BIDS OUT  
FOR O. H. S. DANCE

ELSIE MCCORMICK.

Several hundred boys and girls have received bids for the semi-annual dance to be given by the Senate Debating society and the Eccelesiae, the girls' literary club of the Oakland High school, for a narrow evening in the gymnasium, Twelfth and Jefferson streets. Representatives of both organizations composed the arrangement committee which included:

Julia Knight, Elsie McCormick, Corina Jacobs, Kirby West, Harold Adelsdorf, Clarence de Lanoy, Harold Adelsdorf, has been appointed floor manager.

Members of the debating team of the Oakland High school gave their protest against the dance at the Berkeley High school auditorium, on Tuesday, April 26.

**PUPILS OF MERRIMAN SCHOOL PLAN BAZAAR**

For the benefit of the West Oakland Free Kindergarten, the children of the Merriman school will conduct a bazaar in the school rooms, 681 Fairmount avenue, Saturday afternoon. The children who have made many of the articles, will assemble in the Berkeley High school auditorium, on Tuesday, April 26.

The following have charge of the concessions: Fanny work, Helen Rosenberg, Jessie Knowles and Genevieve Dodge; sandy, Kathryn Fox and Genevieve Bush; Joe Crane, Elmer Cross and Virginia Varney; mystery, Helen Love and Dorothy Dukes; tea, Janet Browne; lemonade, Julia Baires and Elsie Bishop.

PUPILS GET BACK  
TO THE SOIL AS  
GARDENERS

The pupils of the Franklin grammar school are planting vegetables, the juvenile agriculturists showing interest in the work, which is one of the branches of study prescribed in the curriculum. Fifty youngsters of the low fifth grade were working with rakes and shovels Tuesday afternoon, under the direction of Mrs. Graham, one of the members of the faculty of the school. The children were engaged in transplanting the products, which will be marketable at the end of the season. The crop consists of turnips, radishes, beets, lettuce, carrots and sweet peas.

Among those who are tilling the soil are: Eva Bauman, Grace Luth, Leolia Angell, Gertrude Boehmer, Elsie Boardman, Helen McMahon, Florence Jones, Lucile Mulgrew, Dorothy Black, Edwina McDonald, Ruth Dewing, Edwina Lawson, John Grant, Virgil Salmonson, Edwin Borgstrom, Carmelle Martin, Robert Newell, Harry Gage, Percy Smith, Arthur Smith, Harrison Holloway, James Ritchie, Fred Bauman, Aubrey Van Leon, Leonard Laurie, Helen Cole, Pearl Reine, Margaret Wilson, Gladys Sellers, Olive McConnel, Marie Thompson.

## 25,000 SUFFER, FOLLOWING TWO LEVEE BREAKS

## RICH LAND IS COVERED BY FLOOD

Area Inundated Declared to Be as Large as New England States.

Hundreds of Refugees Are Marooned Without Food and Clothing.

MEMPHIS, Tenn., April 18.—The break in the main line levee on the Mississippi river four miles below Rosedale, Miss., and another on the Arkansas river added 25,000 persons to the flood sufferers in Arkansas, Louisiana and Mississippi. The flood inundated rich cotton land almost as large as the New England states.

The levee at Angola, La., on the east bank of the Mississippi river broke today. Two thousand acres of planted cane will be wiped out.

The plight of thousands of homeless persons in the flood district is pitiable. Hundreds are marooned in isolated places. Many have been without food for days and scores are suffering from want of clothing.

Officials of the national government have combined forces with the state officials to carry relief.

## APPEALS FOR AID.

SACRAMENTO, April 18.—President Taft, in a special telegram to Governor Johnson today, asks the state executive as honorary head of the Red Cross Society of California, to appeal to the people of this state to come to the aid of the flood sufferers in the Mississippi valley. The message says:

"Conditions of distress resulting from the flood in the Lower Mississippi valley have assumed such intensity and magnitude that it has become my duty as president of the American Red Cross to make known the facts in order that the people of the United States may express their sympathy in substantial form."

## TROOPS SENT TO PROTECT TRAINS

CANANEA, Mex., April 18.—About forty men and three officers of the Fifth Battalion have been sent from Cananea to Hermosillo to form a sort of guard which has been placed on all passenger trains passing by the Southern Pacific Railroad of Mexico. A detachment will be placed on each train.

This move was the result of the appeal of Speyer & Co., directors of the Southern Pacific of Mexico, to the governor of Sonora for protection for passenger trains. It was believed the presence of soldiers on the trains would prevent further endangering of the lives of passengers and train crews as well as ward off more damage to railroad property.

There has been no violence on the railroad line in this section since last week. Several were killed when a train was fired on and wrecked.

## TO CONSIDER REPLY.

WASHINGTON, April 18.—President Madero's reply to Acting Secretary Huntington Wilson's admonition regarding duty in the Mexican situation was received at the state department over night and probably will be submitted by cable to Secretary Knox and considered before any answer is returned.

It cannot be said Minister Calero's statement caused surprise nor has it modified the diplomatic situation. The note is regarded as rather an attempt to relieve the Mexican government from financial liability for damages inflicted upon foreigners by the rebels than as an evidence of resentment against the actions of the state department of reminding the Mexican factions of their obligations under international law.

## TOWN CAPTURED.

EL PASO, April 18.—A dispatch received here today states that the Liberals yesterday captured Sierra Mojada, where there are large American interests. The report says twenty-seven Federals were killed. Their own loss is not given.

DR. HAMLIN HEAD OF MEDICAL SOCIETY  
STATE ORGANIZATION HONORS PHYSICIAN

DR. O. D. HAMLIN, who has been unanimously elected president of the State Medical Society of California.

## Chief of Staff of the Receiving Hospital and of Railroad Elected President

MONTEREY, April 18.—Dr. O. D. Hamlin of Oakland was last night unanimously elected president of the State Medical Society of California. Dr. Hamlin is a prominent physician in Alameda county. He is surgeon-in-chief of the Receiving Hospital, surgeon-in-chief of the Southern Pacific Company for Alameda county and prominent in medical circles in California.

At the meeting of the State Medical Society last night there was no opposition to Dr. Hamlin and he was paid a high compliment when he was unanimously chosen for the office.

BURGLARS LOOT BURST BOILERS  
FITCHBURG HOME COST 80 LIVES

Door Left Unlocked and the Invaders Take Advantage of Opportunity.

FITCHBURG, April 18.—Burglars entered the home of Joseph Fernandez, a dayman living on Hillside avenue, between Yonkum and Morse avenues, last night. They made their getaway with \$55 in cash. Entrance was gained through a rear door which was left unlocked by Fernandez who was sleeping. His nephew, Bernard Fernandez, returned later in the evening from Oakland. When the two men got up this morning they found their clothing and furniture in the house and the burglars' tracks were in an adjoining room.

## MASKED THUG GETS \$150 FROM VICTIM

Herbert Jackson Robbed by an Armed Man at Early Morning Hour.

SAN FRANCISCO, April 18.—A masked thug held up Herbert Jackson of 420 Kearny street, early this morning. Jackson was walking along Ellis street, near Devisadero, when the thug came up behind him, and thrust a pistol in his face. The robber then went through Jackson's pockets and took \$150. Jackson hurried to the O'Farrell street station, a block and a half away, but the culprit had left the neighborhood when the officers made their search.

## THOROUGHFARE TIES UP HARBOR SERVICE

A delay of several hours in traffic over the Southern Pacific's harbor service was caused this morning by the breaking of the condenser of the new ferry steamer Thoroughfare. The vessel was leaving the San Francisco side of the bay on her 10 o'clock run when the accident occurred. She was taken to tow and put on the company's West Oakland ways for repairs.

FOLLOWERS OF TAFT TO ATTEND RALLY TONIGHT  
Campaign in Oakland to Be Opened With Rousing Meeting at Theater

The campaign in the bay section for the renomination of President Taft will open in Oakland this evening at the Macdonough theater, paving the way for a second meeting at the Grandstand rink, San Francisco, Saturday night.

Tonight's meeting will be one of the most important in many respects. Held in Oakland in years, Colonel Hammond, chairman of the Taft Republicans in California, will be in the chair and the list of vice-presidents includes prominent men from all walks of life. The principal speakers will be former Governor James N. Gillet and Samuel M. Shortridge. They are expected to sound the notes upon which the supporters of the president will base their appeal to voters of California.

The character of the campaign now being waged by Colonel Roosevelt will be gone into thoroughly this evening, and some plain words will be used. The audience will be shown the records of the campaign and the so-called "insurgents" on such questions as the tariff, trusts and railroads. The real meaning of the word "progress" will come in for definition and something interesting is promised regarding the "Johnson steam-roller." All in all, it promises to be an interesting evening and there will be no dearth of crowd or enthusiasm. Excellent music has been secured and all Republicans are asked to attend. Women, especially have been urged to be present, and scores of the city's most prominent club and suffrage leaders will be on the platform.

The following prominent Oakland women have been appointed to act as vice-presidents at tonight's Taft meeting: Mrs. E. T. Hall, Mrs. J. J. Valentine, Mrs. C. R. Oliver, Mrs. Stanley Moore, Mrs. Frank W. Leavitt, Mrs. Nellie Nelson, Mrs. Flora Black, Mrs. Georgia Gutches, Mrs. J. Cal. Ewing, Mrs. Edson Adams, Mrs. George W. Reed, Mrs. T. C. Logan, Mrs. Charles F. Lee, Mrs. W. H. Chickering, Mrs. Robert G. Gray, Mrs. W. E. Dargie, Mrs. Elizabeth B. Zander, Mrs. W. E. Dargie, Mrs. Charles S. Chamberlain, Mrs. F. J. Woodward, Mrs. Henry Wertheimer, Mrs. H. H. Sherwood, Mrs. Thomas H. Jones, Mrs. Fred S. Stratton, Mrs. Mollie Corners, Mrs. John Parks, Mrs. Alfred Thompson, Mrs. James Hayward.

The above list is incomplete as further acceptances will probably be received late this afternoon. The following additional vice-presidents have been announced for the men: W. A. Butler, H. W. Jones, Fred Moore, J. M. Bridges, W. D. Wilson, H. C. Richardson, C. P. Duncan, W. D. MacDonald, J. T. Griffin, Sherman Bridges, Jackson, Rev. L. A. Brown, P. J. Clyde Randall.

KNIGHTS TEMPLAR MEET IN SOUTH  
Fifty Members From Oakland in Attendance Upon San Diego Conclave.

SAN DIEGO, April 18.—With the arrival of special trains from Los Angeles or other Southern California points this morning all the delegates and visitors to the grand conclave of the Knights Templar are in town.

The registration bureau shows that Los Angeles has furnished 400, San Francisco, 400, Oakland 50, and numerous other cities in the state represented swelled to 500 the total number in the parade of commanderies this afternoon to 2500.

Commanded by Captain General James Trappett, and his staff chief, General Robert Wankowski, the column was made up of three divisions. The sessions of the grand commandery began in a local hall assembly room at 10 o'clock this morning. Right Eminent Sir L. L. Caldwell, grand commander, presided.

These officers were elected by the grand council, Royal and Select Masters: Grand illustrious master, Joseph A. Courter, prominent deputy grand illustrious master, Thomas O. Heydenfeldt, Redwood City; principal conductor of the work, C. S. Anderson, Los Angeles; grand secretary, Thomas J. Davies, San Francisco; re-elected, grand treasurer, George Pennington, San Francisco; grand grand master, W. B. McQuinn, San Francisco; re-elected, grand chaplain, J. B. Morrill, Oakland; re-elected, grand captain of the guard, William E. Hutchins, Santa Barbara; grand conductor of the council, R. H. De Witt, Yreka; grand steward, John McInnes, Sacramento; grand sentinel, George W. Perkins, San Francisco.

The Grand Chapter Royal Arch Masons elected these officers, Leo V. Youngworth, Los Angeles; deputy grand high priest, W. W. Lyman, St. Helena; grand scribe, T. O. DR. ABRAHAM WOMAN ENTERS  
MAY HAVE ESCAPED  
VAUDEVILLE FIELD

Police Believe There Is a Possibility He Has Eluded Detectives Again.

May Be Hidden in London or Already Traveling on the Continent.

Additional information as to the aliases under which "Sir" Harry Westwood Cooper, bigamist and forger and ex-convict, traveled while in England with his seventh bigamous wife, Anna Milbrath of Oakland, has been received by the police and communicated to the detectives of Scotland Yard, London, in an effort to assist the English authorities in locating the fugitive. No word has been received by the local police that the authorities in London have as yet gained any trace of Cooper.

Cooper, alias Ernest Moore Chadwick, alias Dr. Milton Abraham, used several fictitious names while in London with Anna Milbrath, and passed as an Irish-American traveling on a tour of Europe with his bride. The two were guests at several hotels, and Cooper succeeded by some unknown method in obtaining funds in addition to the money he obtained from the Milbraths in Oakland and which he took from his sixth bigamous wife, Mrs. Belvia Strawbridge Chadwick-Cooper, who is now living in East Oakland.

As no word has been received from Scotland Yard, the police of Oakland are inclined to believe that by using some disguise the elusive "Sir Harry" has again escaped detection, and is either well hidden in London or has escaped to the continent.

MAN OF ATTAINMENTS. "Cooper is a man of unusual attainments," declared Acting Chief Walter J. Petersen today. "He knows enough of medicine to make people believe that he is a physician, and can keep up the fiction among medical men themselves. In addition to this he is a clever linguist, and will not find it difficult to travel on the continent as an English gentleman, provided he can obtain the funds. He is familiar with life in the British colonies, and may, for all we know, be on his way to South Africa to carry out some daring swindle in the mining region there."

The information concerning Cooper received by the police was contained in a telegram from Ben C. Milbrath, brother of Anna Milbrath-Abraham, who arrived last Monday in San Francisco, having escaped from the clutches of Cooper while in London. The girl declared her way back to America and through her brother furnished the police with clues that may be of use in tracing the man.

FATHER ANXIOUS. Herman Milbrath, father of the doctored bride, is availing further information from his son. "A terrible load of anxiety has been lifted from me by this telegram," he said today. "Now that I know that my daughter is safe, I am free from the worry that has obsessed me for last two months. I only hope Cooper is speedily captured and landed behind prison bars, where he belongs."

As to Anna's separation from Cooper, there are two possibilities. One is that he deserted her, and the other is that she found out his real character and left him. I know that."

He would do this, if she knew the truth. I do not expect that she will ever return to California. Before coming to the coast, she followed her profession of nurse in Chicago and she only came out here because she was located in Oakland. She never liked her work here, and I believe that she will stay in Chicago."

"I do not know any more about the matter than the few facts in the telegram. They are enough to satisfy me for the present. I expect a letter in a few days that will explain everything."

## GRANTED DIVORCE FROM CHIEF WHITE'S BROTHER

SAN FRANCISCO, April 18.—Winifred E. White, wife of William V. White, a brother of Chief of Police D. A. White, of this city, was granted a divorce decree by Judge Graham today with \$25 a month alimony and the custody of their three children. Mrs. White is one of the heirs of the Charles F. Barney estate from which she received \$100,000. In her testimony she declared that she had been deserted by her spouse and in this she was corroborated by Mrs. John Cooney, a sister who lives in Oakland. The Whites separated five years ago.

## FIRE DEPARTMENT RULES PUBLISHED

"Books of the rules and regulations newly adopted for the fire department have been printed and are in the hands of Commissioner of Public Health and Safety Fred C. Turner. Examinations will be held for positions in the fire department, and the book of rules and regulations will form the basis of some of the questions to be asked. Books may be obtained on paying a deposit. Application for the books may be made to Turner or to his secretary, Howard Crittenden, at the City Hall."

## Oaks Annex Thirteenth Straight Game and Are Close to Coast League Record

### HARRY ABLES SHOWS 'EM THAT HE IS A PITCHER

Big Fellow Trims the Angels and Team Mates Help Good Cause Along; That's Wh, It's Thirteen Now

By BERT LOWRY.

Oakland 4, Los Angeles 0.

Once again we've got the chance to cheer for did not those gallant fighting Oaks make it thirteen in a row over at Recreation Park yesterday afternoon? And with little effort, too.

Right off the reel, without noise or gusto, Oakland chased over a tally that as good as won the Dillones and Henry Berry that it would be no duke they chased over three more before the day was done. The

meanwhile the Angels weren't exactly looking dangerous and that's why the score read Oakland 4, Los Angeles 0, when the fans and the Angels started for the game. Giving the game to the Oaks, the right man it was mostly Ayles yesterday, though his team mates played another hand. The game was a close one, but just when the angels counted on a win, the big fellow with the long arms and the twisting twisters had those angels like a elephant at the show, just eating right out of his hands.

Five times they swatted the ball, but those hits were insignificant and never made the Oakland fans feel worried, and meeklike if Harry had really uncorked the best he had, the men from the south wouldn't have had those five bingles. But then Harry has to have his fun, you know, so let it go at that.

HALLA WAS EASY AT TIMES.

Jack Halla did the firing for Henry Berry and at times he did well, but at other times he didn't. Not that he wasn't doing all the time, but the Oaks simply wouldn't be denied. But a crew only glommed seven hits, but those seven were

as good as a million. The first inning was a beginning of the second half of the first inning the trouble began.

After Cook and Leard had gone out, the Oakland fans were shouting. Mr. Leard was a good pitcher, but he was a little off. The Oaks counted on a win, but the big fellow with the long arms and the twisting twisters had those angels like a elephant at the show, just eating right out of his hands.

Jack waded through the second in nice style, but in the third he got into a little trouble. He didn't get it where he wanted it, but he didn't get it where he wanted it, but he didn't get it where he wanted it.

Next was Gus Heiling, and that fan that wrote that letter about Gus being a field one must have had a bit of it. He was there when he saw Gus Heiling swung on that pellet. He hit it so hard that the ball fell short of the 25th ball. Just about two feet. A lot like that generally goes for two bases and with men on the base, what happens? Why they score.

So all the Oaks were shouting. The Oaks counted on a win, but the big fellow with the long arms and the twisting twisters had those angels like a elephant at the show, just eating right out of his hands.

In the sixth the Oaks gathered again even if they didn't need it. Here's the score.

The score

### BERKELEY HIGH IS WINNER OF SERIES

Oakland and Alameda Cross Bats at Lincoln Park Saturday.

By winning the second game of the annual baseball series yesterday afternoon the Berkeley High School baseball team won the series from the Oakland High School team in two straight victories.

The series was played at Lincoln Park Saturday afternoon.

The first game was won by Berkeley by the score of 5 to 0.

Christianison allowed but four hits in five innings, with little Fowler holding the Oakland team down to no hits or runs for the remainder of the game.

Gelkin pitched a far inferior game than the first of the series for the winners.

The second game was won by Berkeley by the score of 5 to 0.

Christianison allowed but four hits in five innings, with little Fowler holding the Oakland team down to no hits or runs for the remainder of the game.

Gelkin pitched a far inferior game than the first of the series for the winners.

The third game was won by Berkeley by the score of 5 to 0.

Christianison allowed but four hits in five innings, with little Fowler holding the Oakland team down to no hits or runs for the remainder of the game.

Gelkin pitched a far inferior game than the first of the series for the winners.

The fourth game was won by Berkeley by the score of 5 to 0.

Christianison allowed but four hits in five innings, with little Fowler holding the Oakland team down to no hits or runs for the remainder of the game.

Gelkin pitched a far inferior game than the first of the series for the winners.

The fifth game was won by Berkeley by the score of 5 to 0.

Christianison allowed but four hits in five innings, with little Fowler holding the Oakland team down to no hits or runs for the remainder of the game.

Gelkin pitched a far inferior game than the first of the series for the winners.

The sixth game was won by Berkeley by the score of 5 to 0.

Christianison allowed but four hits in five innings, with little Fowler holding the Oakland team down to no hits or runs for the remainder of the game.

Gelkin pitched a far inferior game than the first of the series for the winners.

The seventh game was won by Berkeley by the score of 5 to 0.

Christianison allowed but four hits in five innings, with little Fowler holding the Oakland team down to no hits or runs for the remainder of the game.

Gelkin pitched a far inferior game than the first of the series for the winners.

The eighth game was won by Berkeley by the score of 5 to 0.

Christianison allowed but four hits in five innings, with little Fowler holding the Oakland team down to no hits or runs for the remainder of the game.

Gelkin pitched a far inferior game than the first of the series for the winners.

The ninth game was won by Berkeley by the score of 5 to 0.

Christianison allowed but four hits in five innings, with little Fowler holding the Oakland team down to no hits or runs for the remainder of the game.

Gelkin pitched a far inferior game than the first of the series for the winners.

The tenth game was won by Berkeley by the score of 5 to 0.

Christianison allowed but four hits in five innings, with little Fowler holding the Oakland team down to no hits or runs for the remainder of the game.

Gelkin pitched a far inferior game than the first of the series for the winners.

The eleventh game was won by Berkeley by the score of 5 to 0.

Christianison allowed but four hits in five innings, with little Fowler holding the Oakland team down to no hits or runs for the remainder of the game.

Gelkin pitched a far inferior game than the first of the series for the winners.

The sixteenth game was won by Berkeley by the score of 5 to 0.

Christianison allowed but four hits in five innings, with little Fowler holding the Oakland team down to no hits or runs for the remainder of the game.

Gelkin pitched a far inferior game than the first of the series for the winners.

### GREAT PREPARATIONS FOR OLYMPIC TESTS BEING MADE

Croft's arena will be the scene of the open air boxing matches to be presented April 27 under the auspices of the Olympic club.

Preparations were discussed last night at a conference of the athletic committee of the club.

In view of the scarcity of Simon pure amateur boxing material, it was decided to somewhat alter the plans. Two men will be picked from the best of those at hand and with opponents who have a chance the main events will be arranged.

The Olympic club has two good amateurs in Bob McAllister, a middle-weight, and James Lott, a heavy-weight, who won the Pacific Association championship in that class some time since at Sacramento.

Both are well known and are considered champions who are reputed to be fast, and it is possible that he will be given a chance.

Trials will be held at the Olympic club Friday night to secure the best available talent and a number of matches will be arranged within the next few days. Joseph R. Hickey and Douglas Eiskine were added to the athletic committee and will assist in arranging the details.

Trials will be held at the Olympic club Friday night to secure the best available talent and a number of matches will be arranged within the next few days. Joseph R. Hickey and Douglas Eiskine were added to the athletic committee and will assist in arranging the details.

Close-In Specials

5½-room house in good condition on 16th st., near 12th. Nothing in this block can be had for less than \$500 per foot. Can deliver this for immediate sale at \$540 per foot, including buildings. About \$900 cash retained to handle it.

On 16th st., near Jefferson, lot 25x80; adjoining large building to be constructed at once. Ground in this block is held at \$1000 per foot, without improvements. Can deliver this elegant holding, including improvements, at \$620 per foot. A quick turn and large profit can be made on this as over a half million dollars' worth of property has been sold on this street in the last 60 days within three blocks of this property.

\$700 per month income on elegant new building on 16th st., between Market and Clay. Property in this vicinity is commanding more value than any other street in Oakland. Sales are being made daily. Can deliver this at a price that will pay over 10% net. Positively the best holding on this street.

N.E. corner on Market, near 16th; old improvements under lease at \$75 per month. Owner is now ready to sell at a big reduction in price for immediate sale to \$10,500. The best Market street buy today.

Lot on 16th st., within a few feet of Clay st.; old improvements; story modern building is being planned for the adjoining property, right in the center of the greatest activities in Oakland. For quick sale can deliver at \$750 per foot, which is the cheapest property in the retail district. Do not delay seeing this as it will surely be sold very soon.
